Summary

Contenu

Change of Schedule, UNJLC Bulletins: Unless stakeholder demand dictates otherwise, the UNJLC Bulletin will now be produced twice-weekly, on Mondays and Thursdays, to allow resources to be redirected to stand-alone products and more frequent situation reports with basic factual information, without the analysis and comment of the Bulletin. It was produced daily from October 17th – 22nd, 2005. As the emergency matured, it was then produced thrice-weekly, on Mondays. Wednesdays and Fridays until November 18th.

The aim of the Bulletin is to provide a clear and concise regular overview of the situation as it exists in the earthquake-affected area of Pakistan and contiguous areas with regards to logistics matters affecting relief work by the humanitarian community. It focuses on practical issues that affect the welfare of the afflicted populace and related humanitarian work such as the status of transport routes for humanitarian supplies and personnel into the area, relevant administrative or commercial developments, air (including strategic airlift and helicopter operations), Customs and immigration matters, and availability of accommodation and fuels. It further seeks to identify major issues for the humanitarian community and other interested parties, to provide relevant background and constructive recommendations on current issues, and to alert responsible parties to emerging issues.

Preferences for the Bulletin schedule may be sent to **pakistan@unjlc.org**.
