UNJLC
Sudan Logistics Bulletin #119
January 2010

Highlights

• The vision for the Basic Infrastructure Sector in 2010 is to serve humanitarian actors, expanding access to underserved areas and at-risk populations. To do this, the Sector Lead for Basic Infrastructure, UNOPS, has requested support from humanitarian partners identifying the most pressing needs in terms of roads, airstrips and settlement infrastructure. See below for further details.

• Development of the Suppliers Contact Database by UNJLC is currently ongoing. To-date, 1,995 supplier contacts have been provided by partners in Sudan and beyond. Partners that have not yet submitted suppliers’ lists are still encouraged to do so; please e-mail them to sudan@unjlc.org.

• As announced last month, UNJLC is currently surveying humanitarian partners with respect to needs for logistics coordination and common services. Please contact sudan@unjlc.org to arrange interview.

Sudan Wide

► Fuel Prices

All fuel prices are in Sudanese Pounds per Liter:

12-Month Diesel Price Trend

12-Month Petrol Price Trend

Fuel prices have remained stable throughout January.

► Basic Infrastructure Development

New Infrastructure Priorities – 2010
The vision for the Basic Infrastructure Sector in 2010 is to serve humanitarian actors, expanding access to underserved areas and at-risk populations. To do this, the Sector Lead for Basic Infrastructure, UNOPS, has requested support from humanitarian partners, in the form of answering a survey, identifying the most pressing needs in terms of roads, airstrips and settlement infrastructure. For further information, please contact Sector Lead Sebastiano Bagnasco at sebastianob@unops.org.

► Air Transport

UNHAS Flight Cancellations
UNHAS has announced that Northern Sudan flights, including flights from Northern Sudan to Southern Sudan, have been cancelled for 28 February for the UN observation of the Al Mulid Al Naboui Alsharief holiday. UNHAS will remain on operational standby for emergencies.

► Logistics Information Resources

Logistics Needs Survey
As announced last month, UNJLC is currently surveying humanitarian partners with respect to needs for logistics coordination and common services. The survey will be used to define UNJLC’s activities for 2010. One-on-one interviews are currently being held with partners to receive feedback and gather the targeted information. NGOs and partners are requested to support UNJLC in this exercise. Please contact sudan@unjlc.org for further information and/or with questions.

Suppliers List
Development of the Suppliers Contact Database by UNJLC is currently ongoing. To-date, 1,995 supplier contacts have been provided by partners in Sudan and beyond. Contact details of the suppliers are being consolidated by category, prioritizing logistics-related suppliers, transport companies, customs clearing agents, warehousing providers, communications equipment suppliers, and multi-logistics suppliers. Suppliers are being further broken down by international versus national presence and Northern Sudan versus Southern Sudan geographical coverage. All contact details are being verified by UNJLC so that only active companies’ details are included. Suppliers are being requested to confirm the services they provide along with their geographical coverage.

Once the lists are complete, they will be uploaded on the UNJLC website and links will be disseminated via the UNJLC Logs E-Mail Lists. Partners that have not yet submitted suppliers’ lists are still encouraged to do so; please e-mail them to sudan@unjlc.org.
Southern Sudan

► Air Transport

UNHAS Humanitarian Air Cargo Booking
On 25 January, UNJLC published the update of the logistics snapshot ‘UNHAS Cargo Booking Procedures’. The snapshot provides information and procedures for booking cargo by humanitarian agencies working in Southern Sudan. The procedures serve to facilitate efficient and effective cargo movement and coordination between the UNHAS Cargo Office and humanitarian partners.

Both copies of the snapshot and the UNHAS Cargo Booking form are available for download at http://www.unjlc.org/sudan/transport/air/. Please contact UNHAS (WFPHAS.JUBA@wfp.org) or UNJLC with questions (sudan.juba@unjlc.org).

Airstrip Status
UNHAS updated its list of “No-Go Airstrips” in Southern Sudan as of 3 February. The latest version of the list is available at: http://www.unjlc.org/sudan/transport/air/.

Recent updates on airstrips:
- Kurmuk, Boma – reinstated as ‘GO’ as of 25 Jan.
- Udiier – ‘NO GO’ when wet as of 25 Jan.
- Udiier, Turalei, Kiech Kuon, Walgak – ‘GO’ but with restricted payload as of 25 Jan.

► Surface Transport

Road Accessibility Status
UNJLC requests that partners continue to submit road status information; please send available information to sudan.juba@unjlc.org.

- Wau-Tambura Road, Western Bahr el Ghazal to Western Equatoria: A 15MT FUSO truck fully loaded traveled this road in 14 hours on 28 January and returned empty the next day. The road is described as rough and very slow for big trucks and equipment, but passable. (Source: JB Water Drilling, 04.02.10)

► GIS Mapping

UNJLC’s Current Logistics Maps for Southern Sudan
To receive the map and flash alerts about road status information, please send an e-mail to sudan.juba@unjlc.org and request subscription to the SouthSudanRoadStatus e-mail list. Please also e-mail sudan.juba@unjlc.org to submit any relevant information – from updates on specific locations to full logistics assessments. Photographs are appreciated.

Additionally, UNJLC updated the following standard logistics maps in January:
- Southern Sudan Transport Overview Map
- Southern Sudan State Transport Overview Maps
- Southern Sudan State Transport Overview Maps with Topographic Background

To request hard or soft copies of maps or to submit information on infrastructure status updates please visit the UNJLC office in Juba or contact sudan.juba@unjlc.org.
