Date: 27 June, 2010

CONTENTS
1. HIGHLIGHT
2. SITUATION UPDATE
3. BORDER CROSSING AND CUSTOMS
4. LOGISTICS COORDINATION

1 Highlight

- The Logistics Cluster has established a logistics hub at Osh airport providing covered storage at Osh airport available to the humanitarian community.

2 Situation Update

- June 27: Kyrgyzstan held a referendum on a new Constitution. The situation up till afternoon local time appears to be calm, with no security incidents reported.

3 Border Crossing and Customs

- The Kyrgyzstan-Uzbekistan border crossing at Dostuk near Osh remains closed however discussions are underway with the authorities to facilitate transfer of humanitarian cargo from Uzbekistan.

4 Logistics Coordination:

- **Osh:** A Logistics Cluster warehouse with a capacity of 480 m² at Osh airport is fully operational with a dedicated Logistics Cluster Officer on site in charge of warehouse management. Relief cargo from WFP, UNHCR and UNICEF is currently being stored.
- **Bishkek:** A permanent structure warehouse is being prepared in Bishkek and will be ready in the coming days to receive humanitarian cargo. The warehouse capacity is 1,500 m².
- The first convoy, coordinated by the Logistics Cluster, was successfully completed on 24 June. A total of 11 trucks, out of which 8 were transporting WFP food (240 mt of wheat flour and vegetable oil) and 3 were carrying humanitarian aid of the Kyrgyz government. The next convoy is planned for 30 June carrying government, WFP and UNICEF cargo.
- The Standard Operating Procedures (SOP), Temporary Storage Request (TSR) and Release Order Form (ROF) have been published on the website.
- Three Maps have been published and shared with humanitarian community, including the Concept of Operations, Kyrgyzstan Logistics Corridors and Logistics Infrastructure Overview.
- Meetings have been held with the State Agency for Social Welfare, Ministry of Transport, and Bishkek airport customs authorities to clarify import procedures for humanitarian aid.
