

Labutta Interagency Warehouse

The Logistics Cluster in Myanmar is offering 5 types of services to UN agencies, INGOs and International organizations:

1. Air Cargo facilitation
2. Temporary storages facilities
3. Common transport Service
4. Logistics Hub s
5. Logistics Information management

This snapshot refers to the **Labutta inter-agency warehouses facility** that is one out of the 5 set up by the Logistics Cluster in the Delta region.

(Logistics hub in Labutta)

The Labutta hub is currently operational with 7 storage units (1,840 sqm). Out of these operational mobile units, one is dedicated to UNICEF (240sqm), two to WFP (560 sqm) and one available for interagency NFI storage (1,040 sqm). A wireless connection system has also been installed in the hub.

(Logistics Cluster Hub in Labutta)

UN agencies and NGOs such as UNICEF, WFP and Merlin are currently stocking their items into the inter agency hub set up by the Logistics cluster in Labutta.

(Erecting storage units and wireless system in the Labutta hub)

Works to extend the concrete floor available finished an additional three storage unit have been built for the storing of NFIs.

(Assembling of office unit in the Labutta hub)

Cargo and items are delivered to the Hubs through the Common Transport Service set up by the Logistics Cluster from Yangon to the different hubs located in the Delta region: Pyapon, Bogale, Maw' Gyun, Labutta and Pathein. For information related to this service please refer to the Common Transport Service Snapshot available on the cluster web page.

For additional information please refer to the Logistics Cluster Web page:
