LIBYA LOGISTICS SECTOR MEETING MINUTES

Zarzis, Tunisia
29 June 2011

Chair: WFP

Participants: UNFPA, DFID, OFDA, OCHA

Action Point: A Sub-Cluster meeting will be held in Tataouine to assess the needs of the humanitarian community.

1. Situation Update
   - The logistics corridor currently being used by from Dehiba is the Southern route (TNC controlled) into the Nafusa Mountains due to ongoing clashes on the Northern route.
   - The Logistics Cluster will try sharing updated maps of the Nafusa Mountains depending on information received.
   - The ongoing inter-agency UN mission is also conducting a Logistics Assessment in the Western Mountains.

2. Round Table on Logistics Gaps and Constraints
   - WFP will chair a Sub-Cluster meeting in Tataouine to assess the needs of the humanitarian community. WFP will have warehousing and transport capacity from Tataouine should the Cluster request it.
   - A presentation of the main clearing/forwarding agents and transporters in Tunisia was done. There are no transport capacity and access issues for deliveries within Tunisia. Reaching the Nafusa Mountains can be more complex and WFP is exploring options to increase its transport capacity.

The time and date of the next Logistics Sector Meeting in Zarzis will be communicated via email.
