MEETING MINUTES
Logistics Sector, Zarsis, Tunisia
28 July 2011

Chair: WFP
Participants: WFP, USAID/OFDA, ECHO, IRD, CIDA, DIFID, Merlin
Action Points: The Logistics Sector will discuss with UNHAS the questions raised by participants

Agenda:
1. Situation Update
2. Services
3. Roundtable
4. AOB

Situation Update
- Two missions are scheduled to evaluate access in the Nafusa Mountains region.
- UNICEF will end operations in Tunisia at the end of September, operations will continue in western Libya.

Services
- WFP will assess a warehouse in Yefrin for capacity and staffing, pending approval from UNDSS.
- The trucking fleet coordinated by the Transitional National Council (TNC) remains the best option for delivery in the Nafusa Mountains region.
- Storage capacity is available, through the Logistics Sector, for use by the humanitarian community in the WFP-contracted warehouse in Tataouine.
- Customs procedures for the transit of telecommunications equipment via Tunisia will be confirmed in the coming week.
- The Logistics Sector officer briefed participants on the services available through the Logistics Cluster, and the procedures required to access those services.

Roundtable
- Partner organizations have requested contact information for UNHAS in Benghazi.
- The participants raised several questions concerning transportation into Misurata and UNHAS flights in North Africa. The Logistics Sector will follow up with these questions for the next meeting.

AOB
- The schedule of the next meeting will be adjusted to accommodate observance of Ramadan; the meeting will have a later start time, pending agreement from Cairo.
- Results from the most recent survey of partner organizations operating in western Libya were presented.
