**July 2006**

**A. Non-MONUC Personnel**

In the month of July 06, the Civil Affairs Section (CAS) facilitated the transportation of **520 Non-MONUC personnel** involved in various operational humanitarian and development activities within the DRC. This figure which represents 10.5 % decrease compared to last month includes 185 UN Agencies 159 International NGOs, 69 Local NGOs 41 Government Institutions, 7 Donor agencies, 24 medical cases and 35 from miscellaneous organizations.

**Movement by Category**

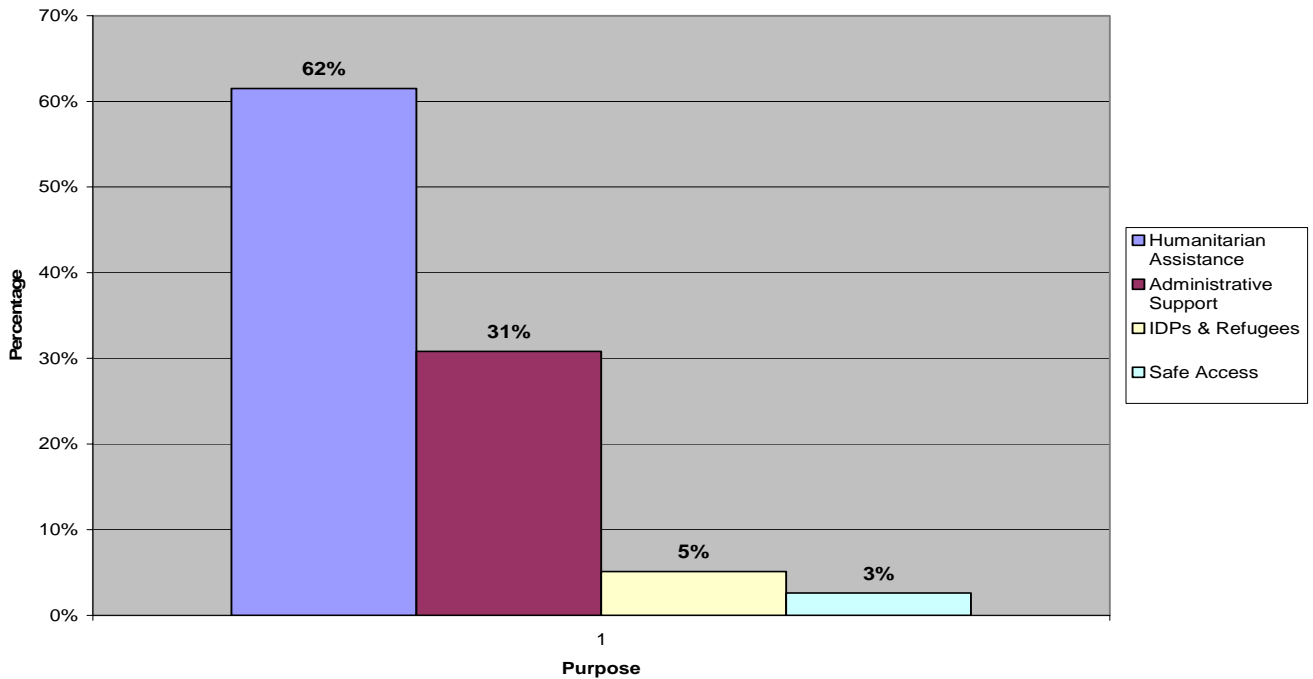

42 % of these Non-MONUC personnel were involved in activities related to humanitarian assistance extended to vulnerable groups and 31% in providing technical and administrative support to their field sub-offices across the country. 27% represents travel of personnel whose activities are directly related to emergency response to IDPs & refugees, safe access as well as individual medical cases.

**B. Non-MONUC Cargo**

CAS facilitated the transportation of **10.8 MT** of Non-Monuc cargo of which 62 % represents general humanitarian assistance (food, medicines etc) , 31% technical and administrative support (vehicles, office equipment), 5% IDPs (shelter facilities) and 3% safe access.

Memisa Beligique (INGO) received MONUC assistance to transport 4,222Kg of medicines and medical equipment from Kinshasa to Bunia to fight and control the bubonic plague which ravaged Linga and Rethy territories in Ituri. The epidemic was reported to have already killed more than 80 people and without urgent preventive measure, it was feared that it would continue to claim lives.

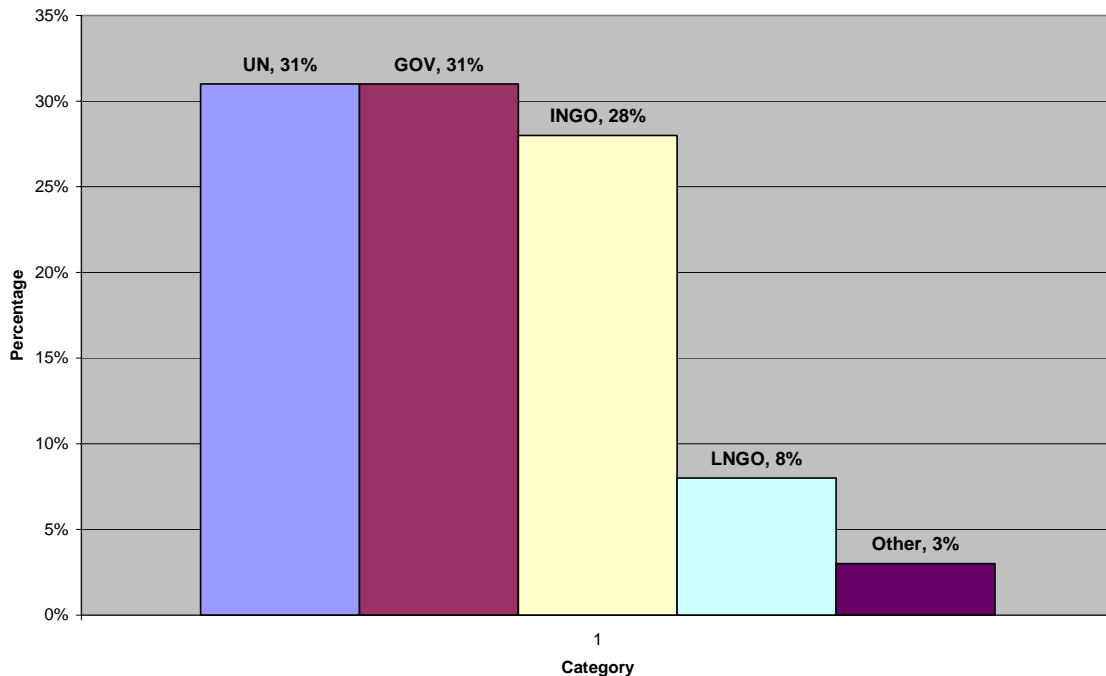

### Purpose of cargo Movement

Other NGOs operating in the health sector (GTZ, Fondation Damien, Caritas, Pharmaciens Sans Frontier) also transported laboratory equipment for health centres, therapeutic milk for malnourished children in nutritional feeding centres and medical kits to fight measles.

Other non-food items transported across sectors include 3.5MT of communication and transportation equipment (bicycles, vehicles, motorcycles), office supplies in support of various partners who are enhancing and increasing their operational activities in the field.
