Logistics Cluster

LOGISTICS CLUSTER

MYANMAR – CYCLONE GIRI – SITUATION REPORT

Date: 20th January 2011

CONTENTS
1. LOGISTICS COORDINATION/CLUSTER DE-ACTIVATION
2. LOGISTICS HUBS

1 Logistics Coordination/ Cluster De-activation

- In line with the de-activation of the nine clusters established in response to the Cyclone Giri, the Logistics Cluster will be de-activated 31 January 2011. The Logistics Cluster exit strategy is in place and has been communicated to all participants to ensure a smooth transition.
- By agreement with Logistics Cluster participants the Logistics Cluster meetings in Yangon have been ceased as of 12 January 2011. On-going logistics issues related to the Cyclone Giri response will be addressed in the general Inter-agency Logistics meetings that will begin on Wednesday 16 February and/or bilaterally as required.
- Logistics Cluster Meetings continue to be held bi-weekly in Sittwe and weekly in Myebon and Kyaukpyu until the end of January 2011.
- Discussions for on-going management and transfer of the Myebon jetty to local authorities are in progress.
- The Logistics Cluster Coordinator will be in Sittwe, Myebon and Kyaukpyu 27-30th January to coordinate exit activities.

2 Logistics Hubs

- Temporary Storage space remains available in all three hubs until 31 January 2011.
- The Myebon Jetty is receiving vessels and is available for use by Logistics Cluster participants.
- Transport rates, shipping schedules and cargo consolidation information is available in the hubs and will be handed-over to agencies continuing operations in the area.
- MSU’s in Myebon and Kyaukpyu will be dismantled first week of February unless loan or transfer to requesting organizations is agreed.
