Information Sharing
Relevant logistics information products, including snapshots, bulletins, and maps, are made available through the Logistics Cluster website and a moderated mailing list. This includes information on key logistics infrastructure such as ports, airports, roads, and border crossings. Information Products shared on the Logistics Cluster webpage since August 2011 include:
- Weekly Situation Reports and Meeting Minutes.
- Snapshots of Mogadishu Port, Mandera Border Crossing, Bossaso Port, and Mogadishu Airport.
- Regularly updated maps showing physical road and port conditions, based on the best information available at the time of publication.

All information products published to date can be found at: http://www.logcluster.org/ops/som11a.
