SOPs for coastal vessel from Mombasa to Mogadishu

Overview
This document provides an overview of the procedures for the coastal vessel service from Mombasa to Mogadishu being offered by the Logistics Cluster to all humanitarian actors, for the coordinated movement of humanitarian assistance to those affected by the crisis in Somalia. The objective of this service is to provide – in an efficient, coordinated manner – an asset, to ensure an uninterrupted supply chain of life-saving relief items to the affected population.

As provider of last resort, this service is not intended to replace the logistics capacities of the agencies or organisations but rather supplement them through the provision of a common service. This service is offered for a limited period of time, initially until the end of December 2011 and may be withdrawn earlier, in part or in full, for the following reasons:

- Changes in the situation on the ground;
- Gap analysis determines that service are no longer required
- Funding constraints
- Lack of access

This document will be periodically updated to match the developing logistics environment and to meet operational needs. Please check for updates at: http://www.logcluster.org/ops/som11a

Only humanitarian cargo processed through the Logistics Cluster system will be accepted by the Logistics Cluster.

(1) Service Available – Provided by the Logistics Cluster
The following service will be made available:

Provision of sea transport from Mombasa Port in Kenya to Mogadishu Port in Somalia.

A vessel has been contracted on a time-charter basis for the transportation of life-saving relief items for the humanitarian community. This vessel will operate at no cost to the end user and will offer two rotations a month, providing a predictable and reliable service. Due to the unpredictable security situation in the region, the vessel will have an international naval escort to ensure safe passage to and from Mogadishu, Somalia.

(2) How to Access the Services
Individual requests for movement of cargo are to be made using the Cargo Movement Request (CMR) form, available at http://www.logcluster.org/ops/som11a

The point of contact for all enquires related to cargo and storage (including CMR submissions) is hornofafrica.cargo@logcluster.org

NOTE: Above mentioned forms are not to be modified by users.
Receipt of requests (CMRs) will be confirmed by return email and/or phone calls.
If review of requests results in any amendments, a copy of the amended request will be returned to the service user.
Service Users’ should inform on CMR if any single cargo item is heavier than 150 kg or if there are any cargo handling restrictions.

For further information please refer to the Somalia Logistics Cluster Web page:
http://www.logcluster.org/ops/som11a
The service user will be informed by email and/or phone, if the request (CMR) has been accepted for further processing. Requests are subject to the availability of cargo space and will be handled as per the priorities set by the Humanitarian Country Team. **CMRs will be processed in order of receipt and late submission might lead to cargo being delayed to next sailing.**

### (3) Overview of cargo movement process

After acceptance of the CMR by the Logistics Cluster, the service user will be advised on any changes to the sailing schedule and current estimated time of sailing. Loading and discharge will be done by WFP, but shunting, customs clearance and storage are all Service Users’ responsibility at both loading and discharge port.

Please see below the detailed step-by-step process with responsibilities.

ANNEX 1

CONDITION OF SERVICES
When providing services under the SOPs, WFP, in its role of Logistics Cluster lead, acts as agent for the service users. WFP assumes no responsibility for the transportation and/or for any loss or damage to the goods/items carried. Service users are responsible for making adequate arrangement for the insurance of their goods. WFP undertakes the services in good faith and will ensure that the services are carried out with due diligence. WFP assumes no responsibility for amounts which cannot be recovered, but will extend their assistance to the Service Users / their Insurers with regard to any reasonable recovery action that they may contemplate at their own costs and risks.

COST
At the onset of the humanitarian response, WFP will, in its role of Logistics Cluster lead, provide the services at no cost to the service users.
Any additional or exceptional service provided by the Logistics Cluster, over and above the proposed services under the SOPs (section 1) will be charged to the service user.

LIABILITY
When providing services under the SOPs, WFP, act as agents for the Service Users. All contracts are entered into on behalf of the service users.
WFP and the Logistics Cluster assume no responsibility for any loss or damage to goods carried or stored under the SOPs.
Service users are responsible for making adequate arrangements for the insurance of their goods.
WFP and the Logistics Cluster undertake the services in good faith and will ensure that the services are carried out with due diligence.

CARGO PACKAGING REQUIREMENTS
All cargo being delivered to the port loading area must be clearly marked with the consignee organisation’s name. Cargo in transit should be clearly marked.

LARGE AND OVER-SIZED ITEMS
Large, long, over-sized etc items will be handled according to available capacity.

HAZARDOUS GOODS AND TEMPERATURE-CONTROLLED ITEMS
The Logistics Cluster is not able to accept hazardous goods for transportation into Somalia.
The Logistics Cluster is not in a position to offer temperature controlled transport and storage.

COSTS THAT MAY BE INCURRED
Any unexpected costs will be charged to the service user. Examples of such costs are:
Any demurrage costs incurred due to delays in presenting cargo by Service Users or their agents.
Any other costs incurred due to circumstances beyond the control of the Logistics Cluster/WFP and/or the Service Providers.

LOGISTICS CLUSTER CONTACT
All enquires related to Logistics Cluster services can be sent to: hornofafrica.cargo@logcluster.org

For further information please refer to the Somalia Logistics Cluster Web page:
