

Situation Update

- The death toll from the recent earthquake and tsunami in Central Sulawesi now stands at 2,087, according to the latest report from the National Disaster Management Agency, BNPB. A further 211,000 people have been displaced.
- BNPB will continue to provide regular updates on the emergency response. Further information can be found [here](#) or by following the official BNPB spokesman's Twitter account: https://twitter.com/Sutopo_PN
- The ASEAN Coordinating Centre for Humanitarian Assistance on disaster management (AHA) is providing regular situation updates which can be accessed [here](#).

Logistics Infrastructure

AIRPORTS

- Balikpapan airport will remain the point of entry for air cargo for forward movement on to Palu Mutiara during the transition period with no changes to the existing Customs, Immigration and Quarantine arrangements. The transition period will close on 25 December 2018. All relief items should be received at Balikpapan airport by 11 December 2018.
- Organisations sending their cargo by air need to make sure that the relief items are properly packaged to prevent damage during the shipping process.
- Organisations wanting to send international cargo are to contact AHA Center (eoc@ahacentre.org).
- Organisations planning to send cargo are requested to communicate their pipeline to BNPB using the following link: <https://goo.gl/GrgeSo>

TRANSPORT IN PALU

- WFP has 40 free-to-user trucks available for common transport in support of the humanitarian response. From 12 October to date, the trucks have conducted a total of 504 trips to various locations.
- WFP is liaising closely with BNPB, AHA, the Ministry of Social Affairs, the Indonesian National Armed Forces (TNI) and the Indonesian Red Cross (PMI) regarding distribution mechanisms and structures to ensure coordination at all levels.
- WFP has implemented the Relief Items Tracking Application (RITA) in this response to ensure tracking of requests and utilisation of assets.

INDONESIA

Sulawesi Earthquake and Tsunami

Situation Update
12 November 2018

- A Service Request Form (SRF) is now available in [Bahasa Indonesia](#) and in [English](#). The two versions have been shared with organisations along with the [User Instructions Guide](#), also available in [Bahasa Indonesia](#).
- Once the SRF has been completed, it must be submitted to indonesia.clustercargo@wfp.org.
- This service covers loading and off-loading at WFP common warehouses, as well as off-loading at delivery points for last mile delivery if requested in advance. Loading and off-loading at partners' warehouses is to be organised and covered by partners themselves.
- WFP has acquired one 10 mt forklift to support the Palu operation. Procurement of an additional forklift is underway.
- An updated access constraints map is available [here](#).

STORAGE

- The two Mobile Storage Units (MSUs) at Palu Mutiara airport (10 x 24 m² capacity each) are currently managed by BNPB and BPBD. Organisations can access these facilities for use for transit or for two weeks temporary storage by contacting BNPB Logistics.
- WFP is supporting the operation in Palu by offering five MSUs for common storage for Government authorities and humanitarian partners at the "Garuda" site.
- Partners will be able to access the storage facilities at no cost to user by completing and submitting the abovementioned SRF.

SEA PORTS AND FERRIES

- Commercial and Non-Commercial operations at Pantoloan port are returning to normal. The port is already being utilised by some shipping companies for loading and unloading all type of cargoes.
- All vessels equipped with onboard cranes can berth.
- No mobile crane is available. There are plans to rebuild the container crane at the port by the end of the year.
- Two 45 tonne reach stacker units are operational and able to handle containers lifted from ship cranes.
- There are two operational forklifts – one 7 tonne and one 32 tonne.
- A Container Yard is available at Pantoloan port.
- A 1,000 m² warehouse is available. The door of the facility is broken, and is currently guarded by TNI.
