MINUSTAH Joint Operations Centre

Organization of Convoys in Post-Matthew Humanitarian Recovery

Rationale

The relief response in the aftershock of Hurricane Matthew implies the need to travel to affected areas by UN and non-UN organizations, including humanitarian actors, transporting relief food and non-food items. Some of these movements may require security escorts. Requests for security escorts by MINUSTAH, are addressed to MINUSTAH-JOC. The MINUSTAH-JOC in close coordination with OCHA, in what concerns to humanitarian response, has the responsibility to put in place procedures allowing the proper coordination between requesters and escort providers and to ensure the best possible use of the limited MINUSTAH assets. These instructions apply to convoys initiating from Port-au-Prince (PaP), however the establishment of a similar mechanism, under the overall supervision of the Chief Regional Officer (CRO), is encouraged at the Regional level, in order to allow for a better use of the available resources, speedier response and enhanced flexibility.

Purpose

These instructions aim at establishing schedules and procedures for the organization of road Humanitarian Convoys, starting from PaP towards Les Cayes and Jérémie, under MINUSTAH security escort. This is expected to allow both, requesters and providers, to better plan and streamline the use of the respective resources. Requests for escorts originating locally from Les Cayes and Jérémie, should be submitted at the Regional level following instructions provided locally.

Procedures

- Requests, other than internal MINUSTAH, are to be submitted through OCHA.
- Convoys will be planned for every Tuesday and Thursday departing at 05:30 AM.
- Concentration point is at Jaborandi Camp in Tabarre, unless agreed otherwise. Convoys will be organized inside the camp in an area indicated by security at the gate.
- All participants should be at the concentration point not later than 04:30 AM in order to receive last coordination instructions and a security briefing update prior to departure.
- All requests for escorts are to be submitted at least 48hrs in advance.
- All requests for escorts from non-MINUSTAH entities are to be submitted through OCHA for vetting.
- A coordination meeting will be held the day prior to each planned convoy (Monday and Wednesday) at 10:00 AM in the JOC conference room, Delta Camp, building C5. Attendance is mandatory to all participants, including requesters. A relevant member of the organization must attend the meeting (i.e. Coordinator, Security Officer).
- Requests already approved but, due to justifiable reasons, could not be executed on the planned day, will automatically be validated for the next available opportunity.
Although the presence of PNH is not a requirement for convoys escorted by MINUSTAH, their inclusion as part of the escort to convoys is strongly recommended. If not available to integrate the escort, PNH should at least be informed and proper coordination established.

Following the implementation of an adapted similar mechanism in the Region, as suggested, the secured convoys or aid distribution, organized at the regional level, foreseen for the following day should be shared with the MINUSTAH-JOC on a daily basis.
