

Background

In an effort to have an overview of the impact of COVID-19 on Humanitarian Supply Chains in the world, the Logistics Cluster is compiling updates on entry point for cargo. The table below reflects updates received from other organisations and the private sector. As per the Logistics Cluster mandate, the information gathered focuses only on cargo transport, not passengers' restrictions. Also note that this list is not exhaustive and will be updated based on the information received on a day-to-day basis.

Should your organisation be able to provide verified information on cargo entry points, kindly send it to covid-19@logcluster.org (including the source) before 16:00 every day.

To access the CEPU map click [here](#).

Overview

Country	Date of Information	Source	Comments
Afghanistan	17-Apr	WFP ; Pakistani government ; OCHA	The border with Pakistan is open under certain conditions (see Pakistan). The border with China is closed. The border with Iran is open with screening measures in place.
