CHAIR: Logistics Cluster Coordinator

ACTION POINTS
- The Logistics Cluster to follow up with ETC on the status of the internet services in Qayyarah.
- The Humanitarian Response Plan (HRP) process for 2017 has begun; a draft logistics strategy will soon be shared for comments/feedback.

AGENDA
1. Humanitarian and Operational Updates - Mosul Operation
2. Logistics Cluster Updates and Common Services
3. A.O.B.

1. Humanitarian and Operational Updates – Mosul Operation

- The Chair presented the latest information regarding the Mosul Operation and the humanitarian response. Current displacement figure reached 80,000 people, according to the International Organization for Migration (IOM). All information is available on the DTM portal: http://iraqdtm.iom.int/EmergencyTracking.aspx.
- As per the Camp Coordination and Camp Management (CCCM) site planning infographic shared with participants, Qaymawa (Zelikan), Daquq, Hasansham U3 and Khazer M1 camps have reached full capacity. Qayyarah Airstrip, Hajj Ali and Amalla camps are now ready to be used, and are able to host up to 1,800, 100 and 3,032 families respectively.

2. Logistics Cluster Updates and Common Services

- In the last week, three MSUs and 1,600 tents have been dispatched from Erbil to Qayyarah Airstrip in support of the Ministry of Displacement and Migration (MODM).
- Owainat and Bardarash common storage spaces are operational and ready to receive items – Owainat has reached full capacity; users are advised to send SRFs in advance and/or share their storage gaps to plan accordingly.
- The storage space in Hajj Ali is now operational with a capacity of 640 m².
- Additional 640 m² were added to the common storage space at Qayyarah Airstrip.
- Common storage will be expanded in Khazer camp by 1,280 m².
The Logistics Cluster is identifying land in Zummar for the possible setup of a common storage space, in response to requests received by several organisations. The Logistics Cluster is currently looking for an implementing partner.

The Logistics Cluster advised organisations facing issues at the checkpoint entering Tikrit, to contact the Joint Coordination and Monitoring Centre (JCMC), which has been effectively supporting in access issues.

Participants were reminded that when requesting storage space, the items delivered to be stored must match the accompanying Service Request Form (SRF). Issues with cargo not matching SRFs have been occurring in Tikrit.

The Humanitarian Response Plan (HRP) process for 2017 has begun; a draft of logistics strategy will soon be shared for comments/feedback.

The one-stop-shop (OSS) for customs clearance for cargo entering the Kurdistan Region of Iraq (KRI) is officially open and is expected to be functional this week.

WFP agreed to be the consignee of the incoming in-kind donations from the EU member states to various clusters (including Health, NFI/Shelter); the first flight is expected to arrive 9 December. The Logistics Cluster, through WFP as lead agency, is taking care of customs clearance and will store the items and dispatch to partners based on request from other clusters.

As of today, the storage capacity facilitated by the Logistics Cluster is as follows:
- Baghdad: 2,000 m²
- Bardarash: 1,200 m²
- Dahuk/Batel: 2,773 m²
- Erbil: 5,400 m²
- Hajj Ali: 640 m³
- Jed’ah camp: 320 m²
- Khaser camp/Hasanshan: 640 m² (additional 1280 m² planned)
- Owinat/Zummar: 640 m²
- Qayyarah Airstrip camp: 640 m² (additional 640 m² planned)
- Tikrit: 2,400 m²

An updated version of the Mosul ConOps map will be circulated this week.

All common storage facilities can be accessed by humanitarian organisations on a free-to-user basis. The SOPs for warehousing have been reviewed and are available on the Logistics Cluster website at the following link:
