Customs

- The One Stop Shop (OSS) has started processing requests from humanitarian organisations for clearances of incoming cargo, reportedly improving the approval procedure.

- A snapshot on the application process of the OSS has been produced and will be available on the Logistics Cluster website in the upcoming days.

- Five flights carrying 173 mt of in-kind contributions (including shelter and non-food items, WASH and health equipment) provided by the EU Civil Protection Mechanism, arrived in Erbil. Three more shipments are expected. The Logistics Cluster, through WFP and in coordination with OCHA, is facilitating customs clearance, receipt, storage, and dispatch of the items to humanitarian organisations through relevant clusters.

- A blog post on the OSS and the EU in-kind donation has been published: [www.logcluster.org/blog/helping-helpers-one-stop-shop-ease-humanitarian-aid-iraq](http://www.logcluster.org/blog/helping-helpers-one-stop-shop-ease-humanitarian-aid-iraq).

Storage

- The Logistics Cluster conducted site visits and warehouse assessments in Bardarash, Badrya and Batel to scale up the storage capacity in and around Dahuk, and evaluate the need for storage support for the Nargizlia camps.

- In response to the requests of a number of humanitarian organisations, the Logistics Cluster has identified land and will setup a common storage facility in Zummar. Three Mobile Storage Units (MSUs) will initially provide 800 m² of additional space to be used in support of the Mosul operation.

- Additional common storage capacity is to be set up in Khazer/Hasansham (3 MSUs) and Debaga (1 MSUs). Agreements with implementing partners are to be finalised.

- The Logistics Cluster has dispatched and erected two additional Mobile Storage Units (MSUs) in Qayyarah Airstrip emergency site to be used as common storage, bringing the total capacity to 1,280 m².

- The Logistics Cluster is supporting the International Organization for Migration (IOM) with the loan of eight MSUs for their humanitarian response; one MSU will be also loaned to TearFund for their activities in Kirkuk, and one to Norwegian Church Aid (NCA) for their WASH programme.

- A revised ConOps has been published and is available on the Logistics Cluster website at the following link: [www.logcluster.org/document/concept-operations-mosul-18-december-2016](http://www.logcluster.org/document/concept-operations-mosul-18-december-2016)
The map illustrating the Humanitarian Storage Capacity in Iraq has been updated and circulated to the mailing list; the public version of this map is available on the Logistics Cluster website at the following link: [www.logcluster.org/map/humanitarian-community-storage-capacity-december-2016](http://www.logcluster.org/map/humanitarian-community-storage-capacity-december-2016)

The snapshot on the Service Request Form (SRF) process and calculations has been updated and is available on the Logistics Cluster website at the following link: [www.logcluster.org/document/service-request-form-snapshot-18-december](http://www.logcluster.org/document/service-request-form-snapshot-18-december)

The Logistics Cluster storage capacity currently stands at:
- Baghdad: 2,000 m²
- Bardarash: 1,200 m²
- Dahuk/Batel: 2,773 m²
- Debaga camp: 320 m² planned
- Erbil: 6,300 m²
- Hajj Ali: 640 m²
- Jad‘ah camp: 320 m²
- Khazer camp/Hasanshan: 320 m² (+800 m² planned)
- Owainat: 640 m²
- Qayyarah Airstrip camp: 1,280 m²
- Tikrit: 2,400 m²
- Zummar: 800 m² planned

From 17 October to 22 December, a total of 11,472 m³ of NFIs, equivalent to 1,619 mt, has been handled on behalf of 21 humanitarian organisations.

**Other operational updates**

- A new site was identified in Bartella for the set-up of an additional emergency site closer to Mosul city. Discussions are ongoing with authorities for land permission; site planning will follow. One additional site has been identified west of the Tigris River, 12 km south of Mosul, for a potential collective centre (Jurn) that could be ready by the end of February.

- The fully-fledged HRP document will be completed by end of January and duly circulated among partners.
