The Logistics Cluster was activated in Mozambique on 20 March to assist the humanitarian community in their efforts to deliver life-saving items across affected areas.

**ONE MONTH IN**

- **17 LOCATIONS SERVED**
- **3,352 MT TOTAL CARGO FACILITATED**
- **75 ORGANISATIONS SUPPORTED**
- **62 INFORMATION MANAGEMENT PRODUCTS**
- **49,583 PEOPLE REACHED**

**COORDINATION**

In the first days of the emergency, the Logistics Cluster activated coordination cells in Maputo, Beira and Chimoio, helping more than 75 organisations to come together as a community of responders.

62 documents compiling key operational information have been published including 20 maps displaying critical access updates.

**AIRPORT HANDLING**

The Logistics Cluster facilitated the reception of 81 flights, supporting the offloading of 1832 MT of humanitarian cargo.

**DELIVERY MODALITIES**

While relying on airlift in the first weeks of the response, the Logistics Cluster put in place a set of services for all humanitarian actors to quickly adapt to the evolution of access constraints. By accessing Buzi South by boat and Estaquinha, Nhamatanda and other locations by road, the Logistics Cluster is increasing the use of alternative means of transport to better adapt to the capacities available in country.

**COORDINATION AT BEIRA AIRPORT HUB**

- CARGO HANDLED
- CARGO CONSOLIDATION FACILITATED
- CARGO MOVED BY AIR
- CARGO MOVED BY BOAT
- CARGO MOVED BY ROAD
- CARGO STORED
