AGENDA	<ol style="list-style-type: none">1. Road Access and Constraints2. Common Services Update3. AOB

1. Road Access and Constraints

- Participants to the meeting expressed their wish for the Logistics Cluster to carry out an exercise on gaps and needs to help define an exit strategy.
- As mentioned by the participants, an updated Access Constraint Map for Central Mozambique would be a critical element of the exercise. Therefore, all partners are invited to share their latest inputs on access constraints and lead times by Monday 17 June at the latest for consolidation into a map.
- The Logistics Cluster will transfer administration rights of the [Whatsapp group](#) to partners, who are encouraged to use it as a collaboration tool to inform each other about their transport pipeline and to coordinate road transport.

2. Common Services Updates

- Participants confirmed to the Logistics Cluster that there are currently no gaps in transport nor storage in Beira, and that the private sector can cope with the current storage and road transport needs. Therefore, the Logistics Cluster no longer receives any Service Request Forms ([SRF](#)) for neither road transport nor storage.
- In light of the above, Logistics Cluster partners agreed upon the termination of common services in Beira from 30 June 2019 onwards.
- The Logistics Cluster encouraged participants to visit the Mozambique Logistics Capacity Assessment (LCA) available at: <https://dlca.logcluster.org/display/DLCA/Mozambique>

3. AOB

- Some partners have started an initial, informal discussion on preparedness activities and stock prepositioning.
