

## Logistics Cluster - Services Overview

(16 January 2014)

The Logistics Cluster is currently providing the following services to the government and the humanitarian community involved in the Typhoon Yolanda emergency response.

### Logistics Coordination, Information Management and GIS

- Logistics coordination in Cebu, Roxas, Tacloban, Ormoc and Guiuan
- Information is regularly disseminated through a dedicated mailing list and via the Logistics Cluster website (<http://logcluster.org>).
- Providing GIS/Mapping support.
- Carrying out assessments of different effected infrastructures including bridges in collaboration with partners.
- Requests through UNOCHA/OCD for military support.

### Customs Support

One Stop Shop is operational in Manila and Cebu from 08:00 to 17:00. For information on focal points, please contact the Logistics Cluster.

### Air Transport (Passengers) – UNHAS

UNHAS has 1 Dornier 228 and 1 Sikorsky 76 both based in Cebu.

Passenger's schedules, booking forms and procedures at: <http://www.logcluster.org/ops/phl13a/unhas>

Flights will no longer take place on Sundays, however, UNHAS remains on emergency standby and can be reached on [unhas.philippines@wfp.org](mailto:unhas.philippines@wfp.org)

### Sea Transport (Cargo)

Based on the organization's needs, the Logistics Cluster would continue to provide sea transport services from Cebu to Tacloban until the mid of February.

### Temporary Storage (Cargo)

**Tacloban:** An MSU compound has been established just outside Tacloban (Palo). This Palo MSU compound could hold up to 14 10x28m MSUs and 20 10x24 MSUs. 5 MSUs have been erected at the site for inter-agency storage. Space can be allocated for organizations to erect their own warehouses upon request.

- Cebu: 2 warehouses (1,700 m2)
- Roxas: 1 Warehouse (2,250m2)
- Ormoc: 2 MSU (480m2)
- Guiuan: 2 MSUs (560m2)

<http://www.logcluster.org/ops/phl13a/sea-transport-and-storage-cargo>

- The Logistics Cluster is also offering assistance with the installation of MSUs.

### Road Transport (Cargo)

Providing trucks to DSWD for distribution activities across Leyte.

WFP has dedicated trucks available in Roxas which can be made available for inter-agency requirements subject to the availability.

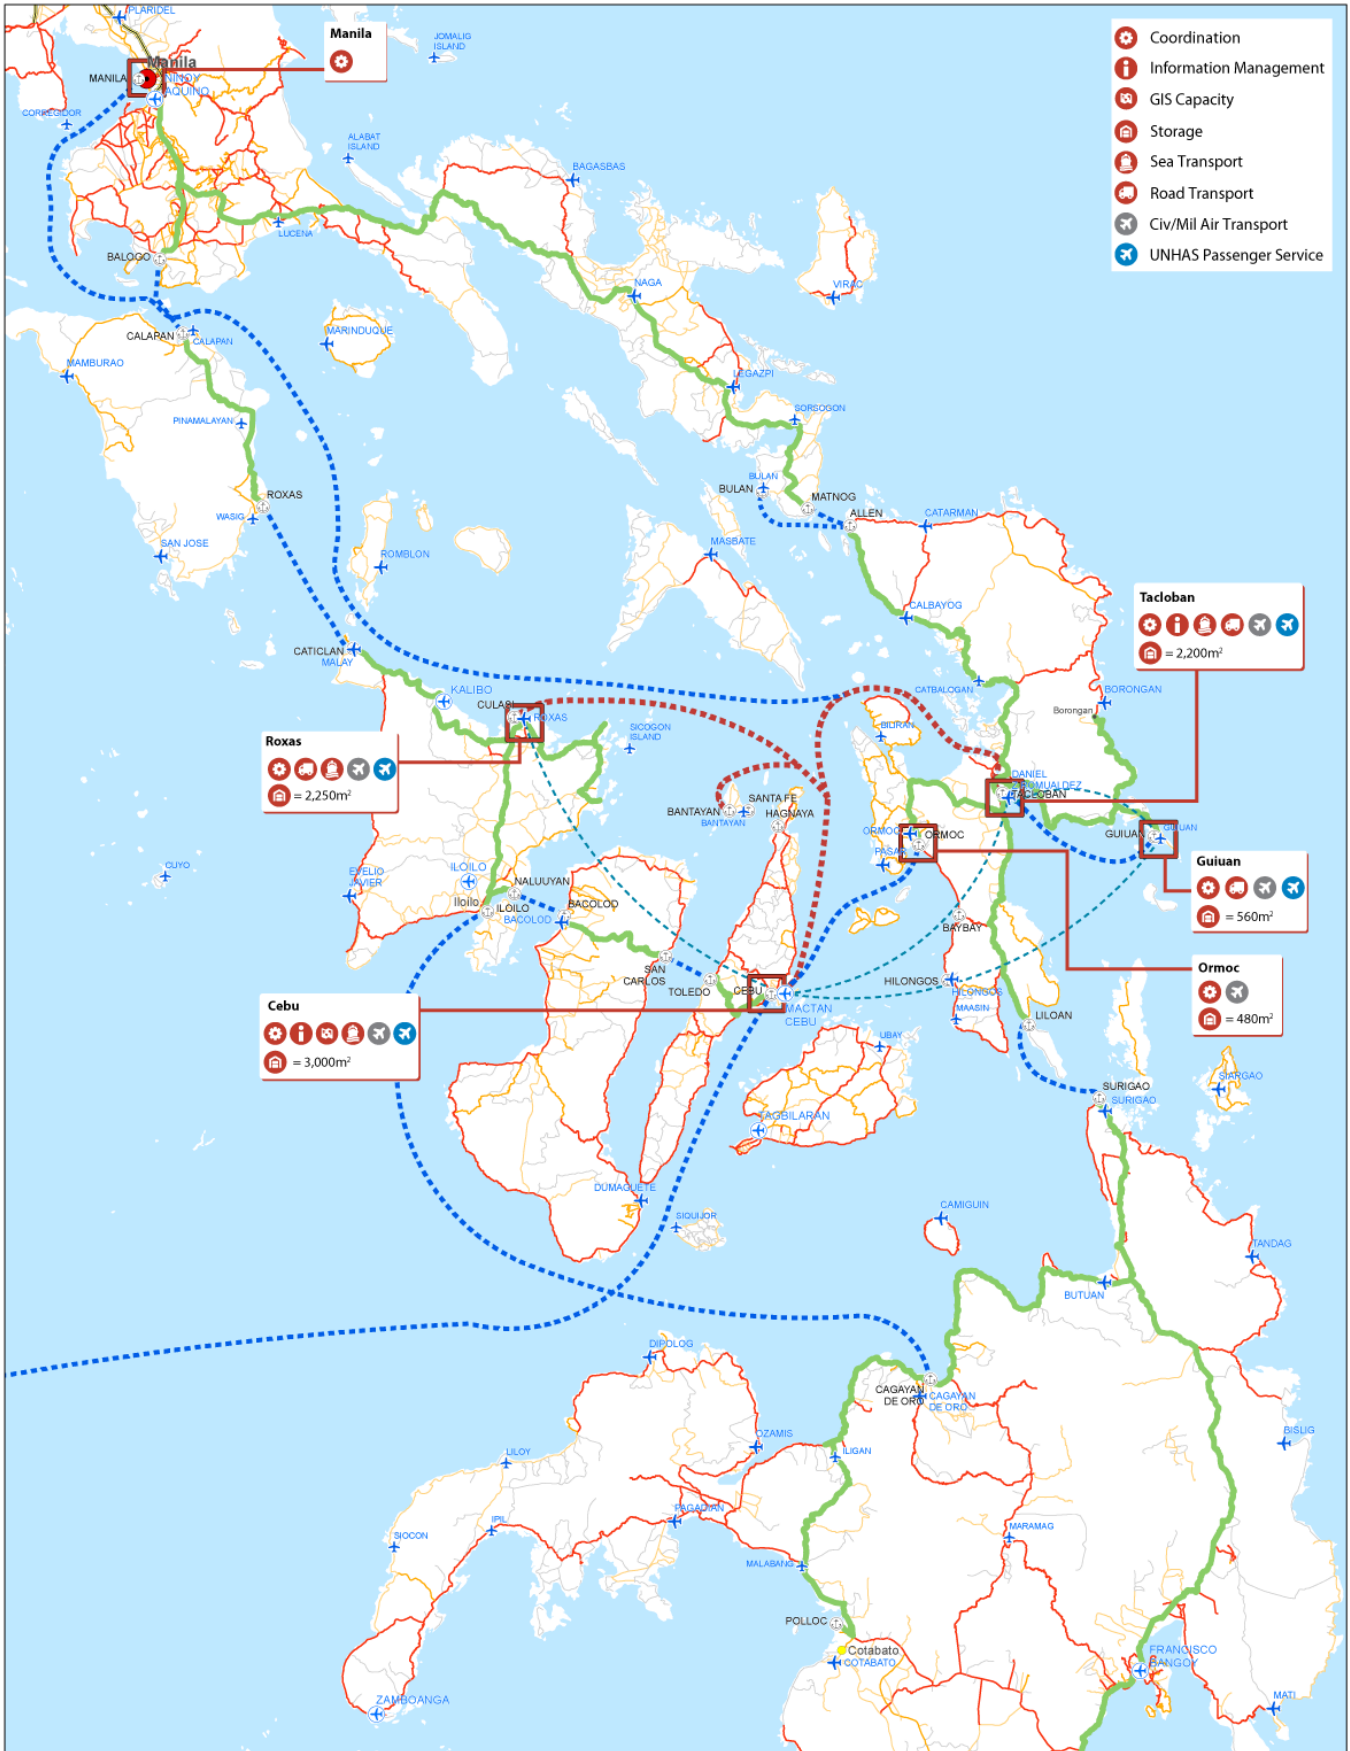

Shunting services in Cebu can be provided based on need.
