SOMALIA
COVID-19 RESPONSE SUPPORT TO HEALTH PARTNERS
MAY – JUNE 2020

The Coronavirus pandemic has exacerbated Somalia’s existing vulnerabilities: the restrictions on the transportation of goods and people have made it increasingly challenging to reach remote locations. As the number of COVID-19 cases has reached almost 3,000, ensuring access of Somalia’s affected populations to vital health support is critical. UNHAS and the Logistics Cluster are supporting health partners through chartering a combination of fixed-wing aircraft and helicopters, transporting medical staff and essential COVID-19 supplies across Somalia to areas inaccessible by any other means of transport.

36 Flights
300 Passengers transported
13 Destinations reached

80 m³ CARGO & BLOOD SAMPLES TRANSPORTED BY UNHAS HELICOPTER AND FIXED-WING AIRCRAFT

ORGANISATIONS SUPPORTED
MINISTRY OF HEALTH, OFFICE OF THE PRIME MINISTER, WHO
World Health Organization

Supported by generous donations from

Canada, Germany, SHF, United Nations CERF, USAID
