LOCATION: WFP Conference Room, Rumbek
DATE: 9 December 2016
CHAIR: Logistics Cluster Rumbek

ACTION POINTS: Organisations are reminded to share relevant logistics information with Logistics Cluster for better coordination.

AGENDA:
1. Operational Update
2. Common Storage and Transport service.
3. Access constraints
4. AOB

1. Operational Update
- Logistics Cluster dispatch hub in Juba remains operational. The Logistics Cluster continues to coordinate transport of humanitarian cargo with two Mi8 helicopters based in Rumbek and one fixed wing aircraft based in Juba.
- On behalf of the humanitarian community, the Logistics Cluster Rumbek facilitated the dispatch of over 1,000 mt from January 2016 to date.

2. Common Storage and Transport Services
- Available indoor storage space: 900 m². The Logistics Cluster Rumbek continues to facilitate common storage with four Mobile Storage Units (MSUs): two (24X10) based in WFP warehouse compound and two (32x10) at UNICEF compound.
- Three Common Transport Service (CTS) trucks remain available to support shunting/transportation of humanitarian cargo within Rumbek. Organisations in need of transportation support with CTS trucks submit their request in advance.

3. Access constraints
- Roads in and around Rumbek are now physically accessible; organisations are advised to consult the weekly Access Constraints map for the latest updates.
- The latest Access Constraints map is available at the following link: www.logcluster.org/map/south-sudan-access-constraints-map-9-december-2016

5. AOB
- Participants discussed challenges which impacted their operations during the year, including access (road in bad conditions or inaccessible), poor packaging, late updates from field locations and little or no information sharing within organisations on the ground.
• The next Logistics Cluster coordination meeting will be on Friday 20 January 2017, WFP Conference room at 10:30.
