**Syria Operation Overview (November 2016)**

**Highlights:**

- In November, four Inter-Agency Humanitarian Convoys to besieged and hard-to-reach locations inside Syria were coordinated by the Logistics Cluster, in close collaboration with SARC and OCHA.
- Much needed humanitarian supplies were transported to Al-Rastan (Homs Governorate) and to the ‘Four Towns’: Madaya and Zabadani in Rural Damascus Governorate and Kfraya and Foaa in Idleb Governorate, on behalf of four humanitarian organisations.
- As part of the airlift operation between Damascus and Qamishli, 47 flights were conducted in November, delivering both food and non-food items to the city.
- Inter-Agency cargo has also been included in the airdrops being conducted in Deir Ezzor as part of WFP’s airdrop operation.

**Transport and Storage**

- In November 2016, as part of the Inter-Agency Humanitarian Convoys, 2,974 m³ of relief cargo was transported to hard-to-reach and besieged locations in Idleb and Rural Damascus governorates, including WASH, Nutrition, Education, Food and Health items.
- The Logistics Cluster has also facilitated the delivery of 3,525 m³ of much needed Food, Health, WASH, Shelter, Nutrition and Education supplies to Qamishli as part of the Damascus-Qamishli airlift operation in November, on behalf of ICRC, IOM, UNHCR, UNICEF and WFP.
- In addition, 6 mt of cargo belonging to UNICEF and ICRC, including soap, water purification powder and detergent, have been delivered to Deir Ezzor as part of WFP’s airdrop operation in November.
- The Logistics Cluster stored over 3,000 m³ of newly received humanitarian goods in its common storage facilities in Homs, Qamishli and Rural Damascus on behalf of ICRC, IOM, UNFPA and UNICEF.

**Coordination & Information Management**

- A Warehouse Management Training was organised in Gaziantep at the end of November and was attended by 43 logistics staff belonging to 27 different humanitarian organisations.
- Logistics Cluster coordination meetings are regularly held in Damascus, Amman, Gaziantep and Antakya and are regularly attended by key humanitarian actors, in order to discuss logistics bottlenecks and develop common solutions for an improved humanitarian response.
- The Logistics Cluster’s information products include maps, situation reports, capacity assessments, infographics, and real-time flash logistics updates, which are available on the dedicated Syria Logistics Cluster webpage: [http://logcluster.org/ops/syr12a](http://logcluster.org/ops/syr12a)
- In addition, supplier lists and indicative transport and warehousing price lists are available upon request.
