DATE: 7 May 2015
LOCATION: Amman, Jordan
CHAIR: Logistics Cluster Coordinator
PARTICIPANTS: Internal Medical Corps (IMC), IOM, Relief International, Service Civil International (SCI), UNHCR, Oxfam, CARE, Action Against Hunger (ACF), Islamic Relief Yemen IRY, Yemen Family Care Association (YFCA), WHO, Handicap International, UNDP, Mercy Corps.

ACTION POINTS:
- The Logistics Cluster to provide an update on fuel distribution at the next Coordination meeting

AGENDA:
1. Situation update
2. Shipping Update
3. Fuel update
4. AOB

1. Introduction and Situation Update

- The Logistics Cluster advised that fuel consignments of the main fuel provider to Yemen are currently pending permission to enter and discharge at the ports.
- The Logistics Cluster shared that fuel will be transported from Hodeidah to Sana’a during the humanitarian pause, scheduled to start on 12 May.

2. Shipping Update

- The Logistics Cluster advised that port activities had only been reported for Hodeidah and Saleef ports; it was also advised that some commercial ships had arrived at Hodeidah port. Participants were advised that four vessels were currently awaiting clearance to enter Hodeidah port.
- Organizations were informed that the MV Amsterdam with 300,000 litres of fuel is scheduled to arrive at Hodeidah port on 9 May with 300,000 litres of fuel and about 500 m³ of relief cargo for Care, IOM/SOS, UNICEF, and UNHCR.
- The Logistics Cluster advised that a vessel that can transport cargo, as well as passengers, will be available by 15 May 2015 and can allow transportation from Djibouti to Hodeidah.

3. Fuel Update

- The Logistics Cluster shared that the WFP-chartered vessel with 120,000 litres of fuel departed from Djibouti and is due to arrive on 12 May at Hodeidah port.
- The Logistics Cluster shared the fuel stocks in the following locations: In Sana’a: 29,595 litres diesel and 48,783 litres petrol are available (total fuel 78,378 litres). No fuel is currently available in Hodeidah. In Haradh, 18,763 litres diesel and 10,162 litres petrol are available (total fuel 28,925 litres). In Aden, 22,143 litres diesel and 12,931 litres petrol are available (total fuel 35,074 litres).
In the month of April, a total of over 60,000 litres (including 43,800 litres of diesel and 16,300 litres of petrol) were distributed to 17 organizations, including ACTED, CARE, ACS, IOM, IRY, IRD, OCHA, MSF Spain, NRC, SCI, UNDP, UNDSS, UNICEF, UNOPS, UNHCR, WHO, and WFP.

The Logistic Cluster informed that based on the fuel requests received by organizations, fuel has been allocated according to the fuel stocks.

The Logistics Cluster advised that fuel allocations of more than 10 drums can be delivered and distributed in Hodeidah and Sana’a to the offices or warehouses of the organizations, based on road condition and the security situation.

The Logistics Cluster shared that about 100,000 litres of fuel remain currently available in Yemen and continue being distributed.

4. A.O.B.

The next meeting is scheduled to take place on 11 May at 10:00 at the Le Meridien Hotel, Queen Nour St, Shmeisani, Amman, 11195, Jordan.
