The Logistics Cluster coordinates and facilitates a weekly passenger movement between Djibouti and Aden on the WFP-chartered vessel, VOS Apollo, which is also used for emergency rescue and evacuation purposes. Standard Operating Procedures are available at: http://www.logcluster.org/document/yemen-passenger-sea-transport-signs-march-2018.

Since May 2016, a regular schedule and booking system have been in place, with weekly rotations between Djibouti and Aden. The schedule allows passengers to easily connect with UNHCR flights between Djibouti and San'a.
