

## Highlights

- In January, more than **3,600 m<sup>3</sup> of relief items** were stored on behalf of **17 organisations** in Madhu Chara, Balukhali, and Teknaf logistics hubs in Cox's Bazar district.
- The Logistics Sector published the results of the [Year End Annual Satisfaction Survey 2019](#). The survey collected user satisfaction ratings on all Logistics Sector activities: coordination, information management, common storage provision, and preparedness. The survey is one of the main monitoring tools for Logistics Sector performance.
- The Logistics Sector road assessment exercise mapped an additional **28 km of roads** in the camps, bringing the total kilometres assessed **to 154 km**. This data will eventually be integrated into the development of expanded mapping tools to assist partners in activity planning.
- The Logistics Sector provided guidance for limiting truck size and cargo weight within the camps via the [Cargo Limit Recommendations](#) document to reduce accidents and decrease road deterioration. The guidance has been finalized and endorsed by the Head of Sub Office Group, the Site Management Sector, and the Inter Sector Coordination Group.
- The Logistics Sector kick-started 2020 with three trainings for partners in January. A total of **31 participants** attended from **11 organisations**. The trainings included a Cyclone Preparedness Training with nine participants and an MSU Erection Training with ten participants, both held in the Balukhali logistics hub; as well as a Basic Humanitarian Logistics Training with 12 participants, held in the Madhu Chara Logistics and Engineering Hub.

## Background

In 2020, the Logistics Sector continues to work with partners to address common logistics gaps and challenges in Cox's Bazar and ensure an efficient humanitarian response. The Rohingya Response Strategy maintains focus on strengthening collaboration amongst international and national partners, synchronising logistics decisions, producing and sharing key information, and facilitating access to common logistics services to supporting partners' logistics operations.

In the lead up to the monsoon and ensuing cyclone seasons, the Logistics Sector is focusing efforts on planning and reinforcing partner capacities and preparedness. To support effective decision making, the Logistics Sector provides technical logistics advice and provides access to facilities for organisations facing supply chain challenges.

## Coordination & Information Management

- The Logistics Sector conducted one Logistics Sector Coordination Meeting and one Health Logistics Inter Sector Coordination Meeting in January. A total of **23 organisations** were in attendance, including national NGOs, INGOs, and UN agencies.
- Seven information management products were published on the [Logistics Sector website](#) in January.
- The [2019 Annual Survey](#) results were published on the Logistics Sector website.

*The Basic Humanitarian Logistics Course was delivered by Ashim to twelve participants from seven organisation in Madhu Chara Logistics and Engineering Hub.*

## Common Logistics Services

- In January, more than **3,600 m<sup>3</sup> (1,266 mt)** of relief items were stored in Madhu Chara, Balukhali, and Teknaf logistics hubs in Cox's Bazar district. Bamboo, tarpaulins, bathing soap, and hygiene kits were stored on behalf of **17 organisations**.
- Between October 2017 and January 2020, the Logistics Sector handled a total of **38,638 m<sup>3</sup> (12,080 mt)** of relief items for **34 organisations**.
