

Roads affected by floods from 9 March in Zambezi region are still impassable.

Caia-Beira
Humanitarian actors reported that the road connecting Caia and Beira is passable with 4x4 vehicles only.

Maputo-Beira
The road is flooded near Nhamatanda and is impassable.

Beira Airport
The airport terminal in Beira has suffered extensive damage after the cyclone. In addition, navigation and weather reporting systems are not functional.

Beira Port
Beira's sea port has been seriously affected and the extent of the damage is unknown at the moment.

Maputo Port
Maputo Port remains fully operational.
