<td>American Samoa</td>
<td>State of Emergency is extended until 18 April 2021. Color-coded system to guide response. Current level is Level 2. All entry permits suspended until further notice. All travelers must provide negative COVID-19 test results within 72 hours before arrival and are subject to full quarantine of 14 days. Moreover, the traveler is required to disclose if he/she had a positive result prior to testing negative. Cargo flights into the Territory to deliver or retrieve cargo or mail will be allowed, provided that each occupant of the plane must furnish proof to the Director of Health of a negative COVID-19 test results within 72 hours before arrival, and further provided that no one will disembark without the prior written approval of the Governor.</td>
<td>Until 18 April 2020</td>

<tr>
<td>Australia</td>
<td>Before you travel to Australia, you should complete the Australia Travel Declaration at least 72 hours before your departure date. This applies to the following travelers entering Australia: Australian citizens and permanent residents, people who are automatically exempt from the travel restrictions and people who have been granted an individual exemption to the current travel restrictions. Travelers who do not complete the Australia Travel Declaration include flight crew, Australian accredited foreign diplomats and people traveling on military flights.</td>

<tr>
<td>Australia</td>
<td>The following additional requirements are in place for some travelers seeking to travel on quarantine-free flights from New Zealand to Australia: From Thursday, 25 February 2021, any traveler from New Zealand who has been in Auckland (except for transit through the airport from a connecting flight) for any period over the previous 14-days, is not eligible to travel on a quarantine-free (green zone) flight. Any travelers from New Zealand who have not been in Auckland for any period over the previous 14-days are still eligible to travel on a quarantine-free (green zone) flight. Routine pre-departure and on arrival screening will continue. Note: all travelers should check the arrangements in both their place of arrival and place of final destination as quarantine requirements may apply.</td>
<td>Until 13 April 2021</td>

<tr>
<td>Commonwealth of Northern Mariana Islands</td>
<td>Governor Ige issued the eighteenth supplemental proclamation, which includes mention of an anticipated further Notice, that will become effective only upon approval by the director of the Hawaii Emergency Management Agency. This exception is not available as of today. All travelers arriving by air from Hawaii will be required to present a negative test result from a trusted travel partner before their departure for Hawaii. In order to bypass the mandatory 10-day quarantine, Travelers will not be accepted upon a traveler arrives in Hawaii. Travelers who do not have a negative test result prior to departing New Zealand must self-quarantine for 10 days.</td>
<td>Until 13 April 2021</td>

<td><strong>Singapore</strong></td>
<td>(Hong Kong SAR) Hong Kong and Singapore have reached an in-principle agreement to establish a bilateral Air Travel Bubble (ATB) on October 14. The key features of the ATB are as follows: (a) there are no restrictions on travel purpose; (b) travellers under the ATB will be subject to mutually recognised COVID-19 polymerase chain reaction tests and would need to have negative test results; (c) travellers under the ATB will not be subject to any quarantine or Stay-Home Notice requirements, or a controlled itinerary; (d) travellers under the ATB will be required to travel on dedicated flights, i.e. these flights will only serve ATB travellers and no transit passengers or non-ATB travellers will be allowed on board; and (e) the ATB can be scaled by adjusting the number of dedicated flights upwards or downwards, or even suspended, in line with the latest developments and COVID-19 situation in the two cities.</td>
