CIV/MIL Coordination

Way forward:
- On behalf of the humanitarian community in the Philippines, the Logistics Cluster:
  - Performed and disseminated market assessments
  - Provided infrastructure mapping
  - Facilitated relations & access to commercial assets and capacity
  - Provided logistics coordination & info-sharing
  - Provided transport if access was limited
  - Built national capacity and transferred knowledge on specific topics.

Capacity Building Sessions

Overview: The Logistics Cluster offered logistics operational training sessions building partners’ capacity and transferring knowledge.
