ACTION POINTS

- Logistics Cluster to notify partners when the partners-managed storage capacity mapping on LogIE platform is updated.
- Partners who want to learn more about Humanitarian Notification System (HNS) are advised to contact OCHA Access Unit: ocha.ukraine.notifications@un.org
- Logistics Cluster to share Q&A Document on the New Importation Procedure and Automated Humanitarian Aid Registration System (AHARS), along with the ETC guidance on importing telecoms equipment.
- Partners are requested to complete the online survey launched by the Humanitarian Access Working Group and Logistics Cluster to provide feedback on the Automated Humanitarian Aid Registration System (AHARS) by 22 March using one of the links below:
  - English: Humanitarian import questionnaire (google.com)
  - Ukrainian: Анкета гуманітарного імпорту (docs-google-com.translate.goog)

Agenda

1. Follow-up on the action points from the last coordination meeting held on 17 January in Odesa
2. OCHA Access Updates
3. Launch of the Automated Humanitarian Aid Registration System (AHARS)
4. Atlas Logistique/HI Operational Update
5. Logistics Cluster Key Updates
6. AOB

Action Points	Follow-up
• Partners can use LogIE to partners-managed warehouses across the country. The complete list can be shared with partners upon request.	The list is being updated
• Partners who would like to join the Logs Cluster WhatsApp group, kindly complete Contact List Form	The contact list form is shared with partners upon request

Access Impediments in Khersonska Oblast (January – February 2024)

- 9 cases (8 in Khersonska and 1 in Mykolaivska oblasts)
- 2 cases of violence against humanitarian staff with 2 staff members killed and 5 injured
- 5 incidents with damage to humanitarian assets and facilities, 3 warehouses/distribution points affected

Khersonska Oblast

- Settlements close to the Dnipro River with the regulated access regime

Hromadas of Interest
Front Line (as of 21 February 2024)
Front Line (as of 1 November 2023)
Front Line Change
10 km Front Line Buffer
20 km Front Line Buffer
Partner Access
Full
None
Partial
No Data

** Partial access indicates limited or significantly limited access.*

HNS SOPs revision – January 2024

The revisions to the HNS SOPs were developed in collaboration with various humanitarian partners and stakeholders, underscoring our collective efforts to refine our processes and procedures for the benefit of the humanitarian community. They are based on operational evidence and lessons learned since the inception of HNS Ukraine in 2015.

Key changes:

- Enabling partners through the HNS platform **to select one or both parties to be notified**
- The **temporarily suspension of notifying new static sites**, until further update, as the notification process for necessitates additional revised procedures in coordination with all parties.
- The **change of radius covered by HNS from 50 from frontlines to 20 km** from frontlines and **all Ukraine international borders** (previously only RF border).
- HNS submission to be received by OCHA **at least 76 hours before the planned movement during official working hours.**
- Clarification and differentiation between OCHA HNS and the non-humanitarian deconfliction mechanism led by UNDSS in Annex V

Humanitarian Notification System (HNS)
Reference documents and Contacts

Contacts:

- Humanitarian notification requests can only be submitted through HNS Portal on the following link: https://unocha.my.site.com/hnsukraine/
- General inquiries regarding the HNS can be directed to: ocha.ukraine.notifications@un.org
- Specific follow-up on pending notifications or technical challenges, and enquiries regarding the submission of notifications through the Ukraine HNS Portal can be directed to:
  - Diya Alshboul: +380666401782, alshbould@un.org
  - Oleksii Shaidenkov: +380503824533, oleksii.shaidenkov@un.org
  - Ivan Kucheriavenko: +380503095740, ivan.kucheriavenko@un.org
  - Oleksandr Ochkovskyi: +380508532691, oleksandr.ochkovskyi@un.org

Launch of the Automated Humanitarian Aid Registration System (AHARS)

01

While the implementation of the procedure was officially postponed and the two processes (online and paper) were supposed to run in parallel until 1 April, the paper declaration still requires the organisation code which should be generated through the online platform.

Furthermore, by 1 April organisations will have to upload all paper declarations for cargo imported since 1 December.

02

The newly adopted Resolution #953 related to import of humanitarian assistance does not allow for supplies supporting statutory activities (like vehicles, IT equipment) be declared as ''humanitarian goods''.

03

The Ministry of Social Policy (MoSP) launched Telegram channel and hotline on technical issues related to the platform and a sub-group for international organisations in English.

NB: Registry within the AHARS will serve as a verifiable source to identify the humanitarian organization, for not only import and reporting. For example, visa issues for humanitarian stuff will be also linked to that registry.

ATLAS LOGISTIQUE/HI UPDATE

Storage updates

- **Mykolaiv hub**:
  - Solid fuel storage support completed since end of February. 1735 m3 of solid fuel transited through this hub over the past 2.5 months.
  - Warehouse of 2,800 sqm for dry storage (additional space used for solid fuel previously no longer available)
  - 1 114 m3 entered and 2 650 m3 released in January and February
  - High level of releases and good rotation of stock, space remain available (average occupation rate of 62%)
  - Reminder: availability of kitting services in Mykolaiv
- **Temperature-controlled storage capacities:**
  - 2 rooms of 132 sqm between +15 and +25 degrees (60 pallets capacities)
  - 1 container between +2+8°C (16 pallets capacities)

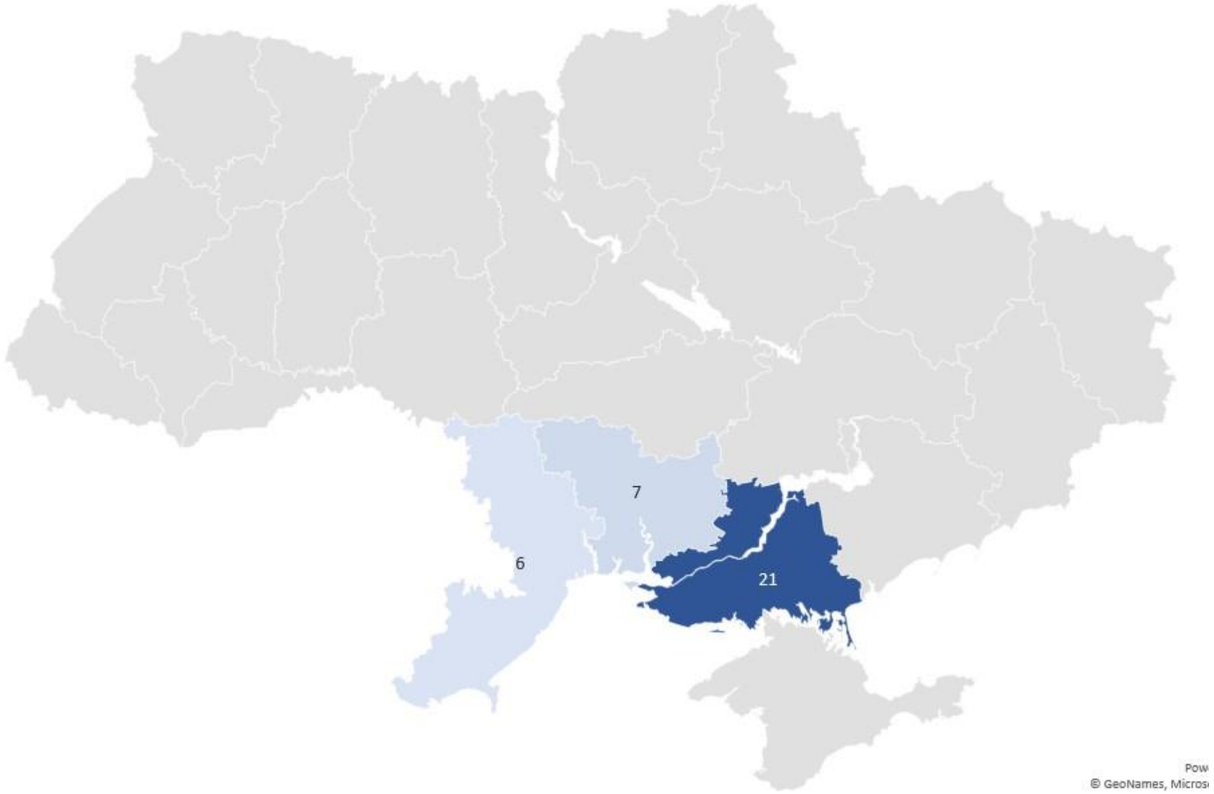
Solene WAESELYNCK (Program Coordinator): s.waeselynck@hi.org

ATLAS LOGISTIQUE/HI UPDATE

Transport services



High level of activities in **February 2024 : 34 deliveries organized** in Southern oblasts

i.e. 26% of 131 deliveries in total for this month (lower ratio than in previous ones due to significant operations in Kharkivska and Zaporiska oblasts in February) including:

- **56%** of transports related to **winterization**
- **44%** for **local NGOs**
- **79%** to **hard-to-reach areas**
- Availability of refrigerated transport services for partners in need to deliver temperature-sensitive cargo

Contacts

Vitalii RABCHENIUK (Transport Project Manager) – v.rabcheniiuk@hi.org
Solene WAESELYNCK (Program Coordinator): s.waeselynck@hi.org

ATLAS LOGISTIQUE/HI UPDATE

Other Atlas Logistique updates

- **Partner satisfaction survey** data collection phase completed
- Atlas Logistique updated its **SOPs** and deployed a new (simplified) **SRF template**: short training sessions were organized in Dnipro and Kharkiv. Similar session in Mykolaiv City in preparation.
- Launching of a **new capacity-building program** – participation to first training sessions in March in collaboration with IOM and the Logistics Cluster
- Turnover in **Atlas Logistique's team** :
  - Turnover at Program Coordinator level
  - Vitalii RABCHENIUK – new Project Manager Transport
  - Pavlo ROSHCHUPKIN - new Transport Officer
  - Damien VOLLAND – Project Manager Capacity-Building
