How to Access Logistics Services for Yemen Operation
(9 June 2015)

LOGISTICS CLUSTER
The Logistics Cluster, when activated in an emergency, is responsible for providing logistics coordination, information management; and, where there is a gap in logistics infrastructure, it acts as a ‘Provider of Last Resort’ by offering common logistics services to support the humanitarian community in their response operations.

Coordination & Information Management
Coordination units and dedicated staff are operating in Amman, Jordan and Djibouti. Logistics Coordination Meetings are held both locations, with schedule and logistics information available at: http://www.logcluster.org/ops/yem10a.
