How to Access Logistics Services for Yemen Operation

(May 2016)

Logistics Cluster

The Logistics Cluster activities aim to ensure that the humanitarian community has access to sufficient logistics services/facilities and to facilitate the uninterrupted supply of life saving relief items to the affected populations. 

*Common services provided to the humanitarian community by WFP, as the lead agency of the Logistics Cluster, are not intended to replace the logistics operations of individual organisations. The provision of common services is intended to fill identified gaps and maximize the utility of limited logistics resources.*

Coordination & Information Management

Coordination units and dedicated staff are operating in Sana’a, Yemen and Djibouti. Logistics Coordination Meetings are held both locations.

Schedule and minutes of previous meetings are available at: [http://www.logcluster.org/ops/yem10a](http://www.logcluster.org/ops/yem10a)

Mailing list: Yemen-logs@logcluster.org

Common Services

Transport and storage services are requested by submitting the Service Request Form (SRF): [http://www.logcluster.org/document/service-request-srf](http://www.logcluster.org/document/service-request-srf)

Completed SRFs shall be sent to: yemen.clustercargo@wfp.org

---
