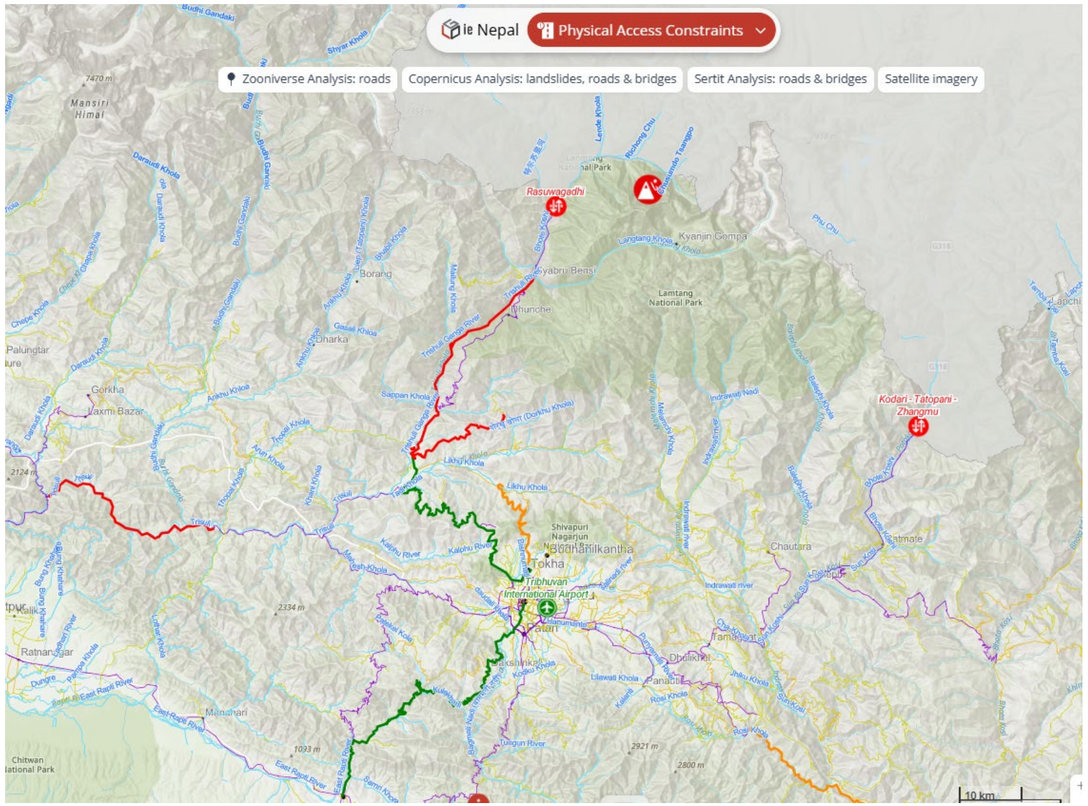
Logistics Updates

LOGISTICS & TELECOMMUNICATIONS CLUSTER (LTC)



Landside: Visualization of physical access constraints on **LogIE**

- Rasuwagadhi border point completely damaged; advised to use Korala/Mustang as alternate, with established Helpdesk
- Alternative routes enable access to almost all affected districts, except 3 municipalities in Rasuwa District
- Anticipating longer transport time due to re-routing and road conditions affected by rain/floods

River:

- River transport not possible due to the continuing flood risks

Air infrastructure

- Tribhuvan International Airport in Kathmandu: Remain operational as main international entry point
- Humanitarian Staging Areas (HSAs) in Kathmandu
- Heli airlifts for search and rescue, evacuation, and relief item transport

Customs Clearance:

- NDRRMA-facilitated customs clearance of relief cargo; partners reported no issues so far
- New announcement on the requirement to consign the cargo to NDRRMA from 1 Sep

Storage

- Additional storage capacity in affected areas

Pipeline and operational plans: Preliminary results
