Situation Updates

LOGISTICS & TELECOMMUNICATIONS CLUSTER (LTC)

Photo credits: Kelly Bradley/WFP

- As per latest updates (NDRRMA, 14 Sep) 1,395 deceased. 5,130 people still out of contact and 13,737 rescued
- 2,482 (1,000 less than last update) displaced people in 33 sites (1,499 in Nuwakot, 825 in Rasuwa and 94 Dhading)
- Assessments of potential land sites suitable for temporary shelters across various locations in Nuwakot (Bidur Municipality, Belkotgadhi), Dhading (Galchi, Gajuri), and Rasuwa completed.
- Government has approved cash assistance for temporary accommodation and livelihoods and initiated the Post-Disaster Needs Assessment (PDNA) to inform recovery and reconstruction planning

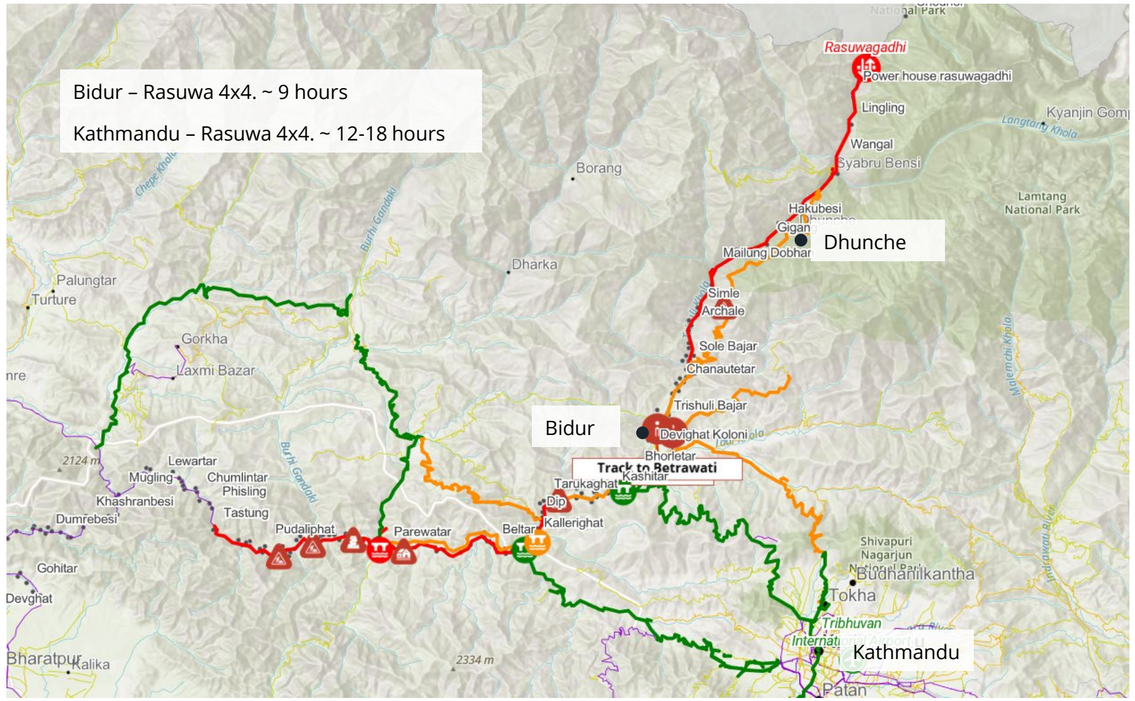
Logistics Updates

LOGISTICS & TELECOMMUNICATIONS CLUSTER (LTC)



https://logie.logcluster.org/?op=npl

- Visualization of physical access constraints on **LogIE**
- An Acrow bridge at Devighat has been installed and is operational, improving access for relief movement
- Multiple strategic road corridors remain disrupted or restricted, including sections of the **Prithvi Highway** and **Tribhuvan Highway**, requiring the use of alternative routes.
- Challenge to map tertiary roads and pathways to remote locations.
- According to the Government, fuel stocks remain available for response operations, including diesel, petrol, and aviation fuel reserve. (15 K liters of aviation fuel in Nuwakot with additional 145K supplied yesterday. 150 LP gas cylinders dispatched to DCO Rasuwa)
- Customs and importation

Steps to dispatch cargo from HSA

NDRRMA clearance is mandatory before onward dispatch

LOGISTICS & TELECOMMUNICATIONS CLUSTER (LTC)

1

CONFIRM LOCAL NEEDS

Before dispatch, NGOs and INGOs coordinate with the concerned Palika to confirm specific relief needs on the ground.

2

ROUTE THE REQUEST

The Palika coordinates with the Chief District Administration Office, then formally communicates the identified needs to NDRRMA.

3

OBTAIN NDRRMA CLEARANCE

After receiving the request through this channel, NDRRMA promptly issues clearance for cargo release and movement.

EXPEDITED CLEARANCE SUPPORT

A dedicated NDRRMA committee is led by Joint Secretary Mr. Pradeep Koirala

- NGOs and INGOs may liaise directly with the committee to facilitate and accelerate clearance.
- The committee can advise on priority needs, appropriate relief items and dispatch arrangements.

Complete this coordination before shipment and dispatch.

Applies to all cargo imported under the one-door policy of the Government where NDRRMA acts as the consignee

LTC Logistics Updates

LOGISTICS & TELECOMMUNICATIONS CLUSTER (LTC)

CURRENT ACTIVITIES

Installation of the MSU in Bidur © Elwan Bader/WFP-LTC

- Ongoing road assessments in Dhunche
- Transit storage: Mobile Storage Units (MSU) installed in Bidur ~200 m2
- Expansion of KTM storage ongoing
- First dispatches by heli planned for this week

COORDINATION

61

organizations engaged

COMMON STORAGE

184 m³

received for storage

on behalf of 4 partners

TRANSPORT

8 mt

cargo dispatched

through transport services

Helicopter transport: important notes

LOGISTICS & TELECOMMUNICATIONS CLUSTER (LTC)

1) Please coordinate any **changes to load plans, destinations, timings, weights or dimensions** with the LTC focal point. To support smooth planning, **share updates at least 48 hours in advance**.

2) Changes **that are not communicated in advance may affect service availability**. Early notice helps the team confirm whether a revised request can be accommodated.

3) Please **route all service arrangements through the LTC focal point rather than contacting the WFP service-providing unit directly**. This helps ensure consistent and equitable support for all partners. LTC will liaise with WFP Aviation to solve the aviation-related questions.

COMMON LOGISTICS SERVICES

SERVICES AVAILABLE AND HOW TO ACCESS THEM. ALL SERVICES ARE AT NO COST TO THE USER

LOGISTICS & TELECOMMUNICATIONS CLUSTER (LTC)

01 TEMPORARY STORAGE

640 m²

Kathmandu HSA · dry storage

07:00–19:00 · 7 days/week

· temporary transit storage

Standard duration: up to 3 days

Deliver only after positive LTC confirmation

BIDUR STORAGE WILL BE ADDED TODAY

02 AIR TRANSPORT

Kathmandu → Rasuwa

Life-saving air cargo to inaccessible communities

· access/capacity dependent · deliver at HSA ≥24 h prior
· receiver ready at destination

DECLARE DANGEROUS GOODS

Consult LTC before SRF. Mark each package with its UN ID + hazard label. Submit Safety Data Sheet (SDS) along with the SRF. Undeclared cargo may be rejected.

PROVIDE ACCURATE DESTINATION

GPS Coordinates preferred

FILL THE SRF WITH THE SMALLEST HANDLING UNIT

Complete the SRF at box level (or equivalent) to support air transport planning. Cargo can still be delivered in pallets at the HSA

STEPS

Start at least 72 hours before the requested service date

1. **ELIGIBILITY** — UN agencies, INGOs and NGOs registered with OCHA in Nepal
2. **SUBMIT ONLINE** — One SRF per consignment and one origin–destination pair
3. **VERIFY EMAIL** — Open the automated email and confirm submission mandatory
4. **LTC REVIEW** — Acknowledgement ≤24 h; review and status decision within 72 h
5. **PREPARE CARGO** — Use QR shipping labels; HSA / driver details at least 24 h prior

NEED HELP?

Nepal.ClusterCargo@wfp.org

AFTER APPROVAL

Track with the 9-digit code · release orders ≥24 h

ONLINE SRF

SOPs

All services are subject to operational conditions, funding and possible extension. Check the latest SOP before requesting.

The Logistics & Telecommunications Cluster is led by WFP World Food Programme
