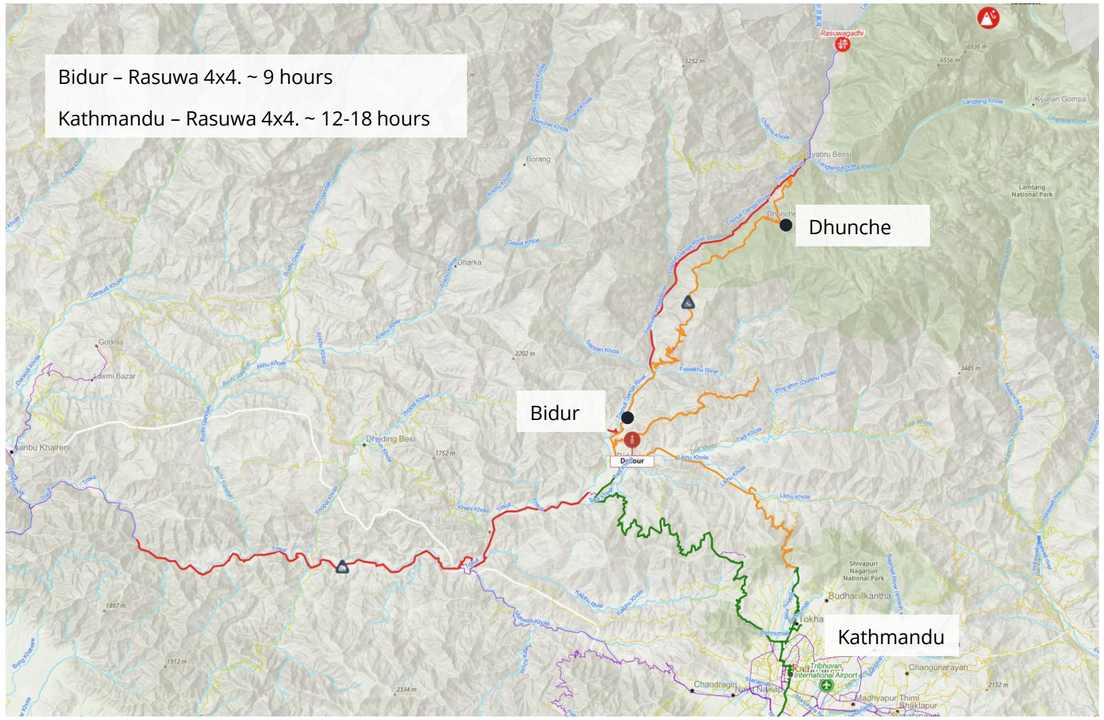
Logistics Updates

LOGISTICS & TELECOMMUNICATIONS CLUSTER (LTC)



https://logie.logcluster.org/?op=npl

Landside: Visualization of physical access constraints on **LogIE**

Nuwakot district:

- The Tokha–Chhahare road is closed to all public and private vehicles, except essential services, from 2200hrs to 0500hrs. (Traffic restriction)
- The Pasang Lhamu highway is completely blocked at Betravati-10, Simtar. (Flood)

Rasuwa district:

- The Trishuli–Mailung–Syabrubesi section of the Pasang Lhamu Highway near Khalte, Uttargaya Rural Municipality-5, is completely blocked. (Flood)
- The Pasang Lhamu Highway from Trishuli and Betravati to the Rasuwagadhi border point is completely blocked. An alternative single-lane unpaved route to Syabrubesi is available via Kathmandu–Tokha–Chhahare–Bidur–Nuwakot Durbar–Phalante–Chokde–Lachyang–Sarmathali–Parchyang–Bhorle–0 Km–Kalikasthan–Syaubari–Ramche–Sole–Dhunche–Syabrubesi. (Flood)

Dhading district:

- The Prithvi Highway is completely blocked at Krishnabhir, Benighat Rorang Rural Municipality-7 (Soil erosion by the Trishuli River) and at Chalise, Gajuri Rural Municipality-2. (Flood/Landslide)
- One way is operational at Parewa Bhir, Gajuri Rural Municipality-2, and Jwangkhola, Benighat Rorang Rural Municipality-10. (Landslide)

Logistics Updates

LOGISTICS & TELECOMMUNICATIONS CLUSTER (LTC)

Air

- Tribhuvan International Airport (TIA) is operational.

Storage

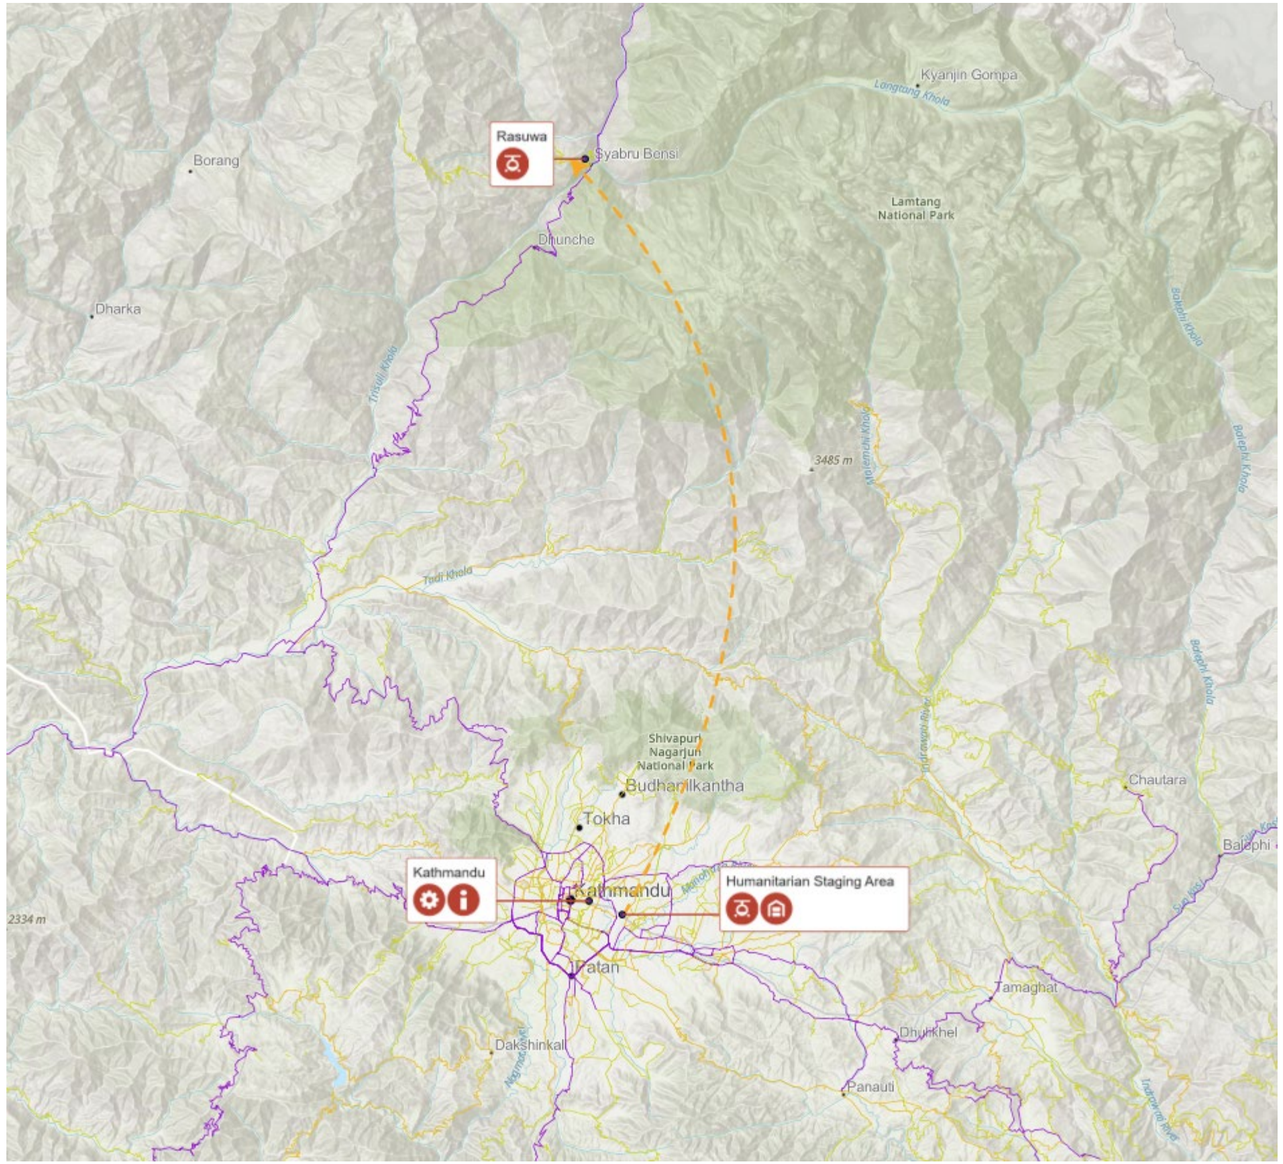
- **Kathmandu:** Humanitarian Staging Area (HSA) next to TIA is getting huge backlogs of cargo from bilateral donations and humanitarian partners. LTC – Logistics is looking for overflow storage capacity to address this issue.
- **Bidur:** Government- and partner-managed warehouses
- **Rasuwa**: Potential transit warehouse in Dhunche for onward movement to more remote areas

Customs Clearance

- Updates by IMPACCT Working Group

Concept Of Operations

LOGISTICS & TELECOMMUNICATIONS CLUSTER (LTC)



LTC – Ops & IM Updates

LOGISTICS & TELECOMMUNICATIONS CLUSTER (LTC)

Photo credits: Kelly Bradley/WFP

- LTC – Logistics Concept of Operations (ConOps) and Service Request Form (SRF) and SOPs for accessing Logistics Common Services were published.
- Partners are encouraged to visit Nepal LTC webpage: Nepal Flash Floods 2026 | Logistics Cluster Website where they can subscribe to the Nepal LTC mailing list and find latest updates.
- General inbox: npl.logscoordination@wfp.org
- Nepal LTC coordination meetings: every Tue & Fri – online & KTM HSA, with possibility in Bidur (TBC)

Common Services

LOGISTICS & TELECOMMUNICATIONS CLUSTER (LTC)

LTC Provided Common Services are now available:

- Temporary common storage in Kathmandu
- Air transport services from Kathmandu to affected areas

Planned services:

- Temporary common storage in Bidur
- Longer term common storage in Kathmandu

Potential services:

- Common storage in Rasuwa (location TBD)
- Common trucking transport services to Rasuwa

Common Services

LOGISTICS & TELECOMMUNICATIONS CLUSTER (LTC)

How do I access common services?:

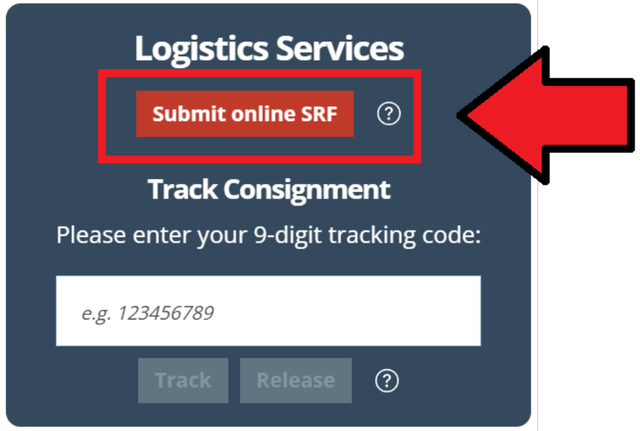
- Review the SOPs
- Fill out the online Service Request Form (SRF)

Where do I find the SOPs and SRF?:

- Visit the Logistics Cluster website:

https://logcluster.org

- Navigate to the Nepal Country Page



Online SRF

SOPs

Common Services

LOGISTICS & TELECOMMUNICATIONS CLUSTER (LTC)

What do I need to know?:

- Only ever submit one SRF for the same cargo, storage or transport
- If cargo is already stored, and you need transport, you can communicate with us, or submit an online release order form.
- Acceptance of an SRF does not mean you can deliver cargo. We will communicate with you about scheduling.

Labeling and Marking:

- Once SRFs are accepted, you receive an automatically generated shipping label. It is strongly advised to attach the shipping label and QR code to all incoming cargo items.
- Attach shipping labels at the level of packing that makes sense.
- Include your agency branding and markings.

4.00 m³

LOGISTICS & TELECOMMUNICATIONS CLUSTER (LTC)

Online SRF

SOPs

Common Services

LOGISTICS & TELECOMMUNICATIONS CLUSTER (LTC)

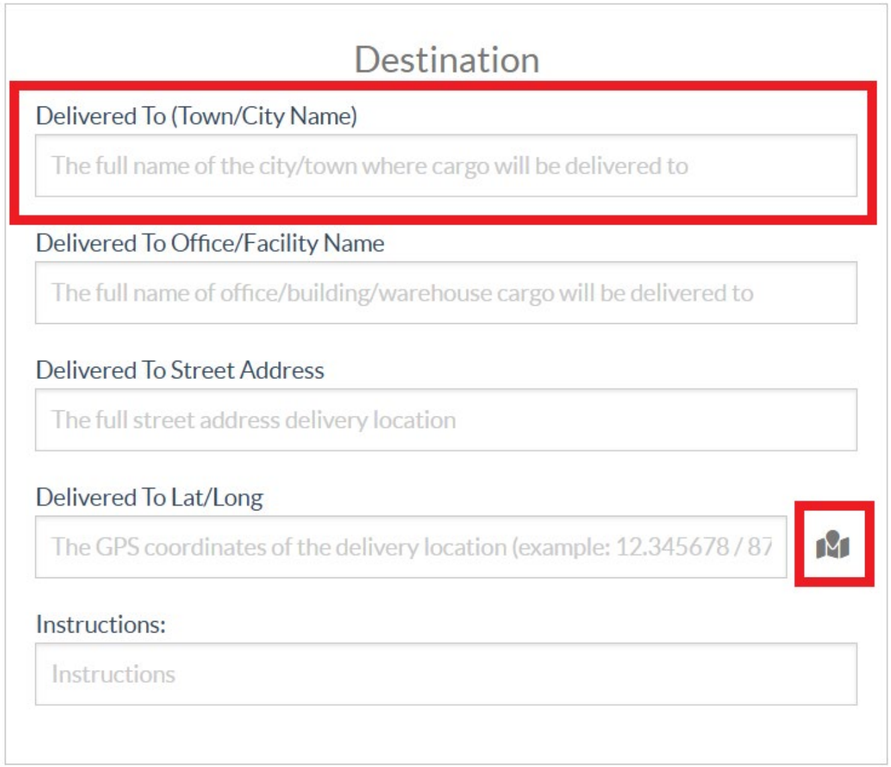
Filling out the SRF:

- Handling units matter! – units must match the modality of service.
- Use accurate weights and volumes!
- Dangerous goods matter!

Transportation:
Starting and ending points are free text.

- Starting – write “Kathmandu HSA”
- Destination – clearly indicate the name of the location. Include GPS coordinates of the location if possible.

We will review requested delivery locations and confirm with our aviation team.



Online SRF

SOPs

Common Services

LOGISTICS & TELECOMMUNICATIONS CLUSTER (LTC)

Delivery:

- At the point of delivery, partner organizations must be at the present and able to receive and move cargo.
- Partners should understand the weights and volumes and have the capacity to transport and distribute onwards.
