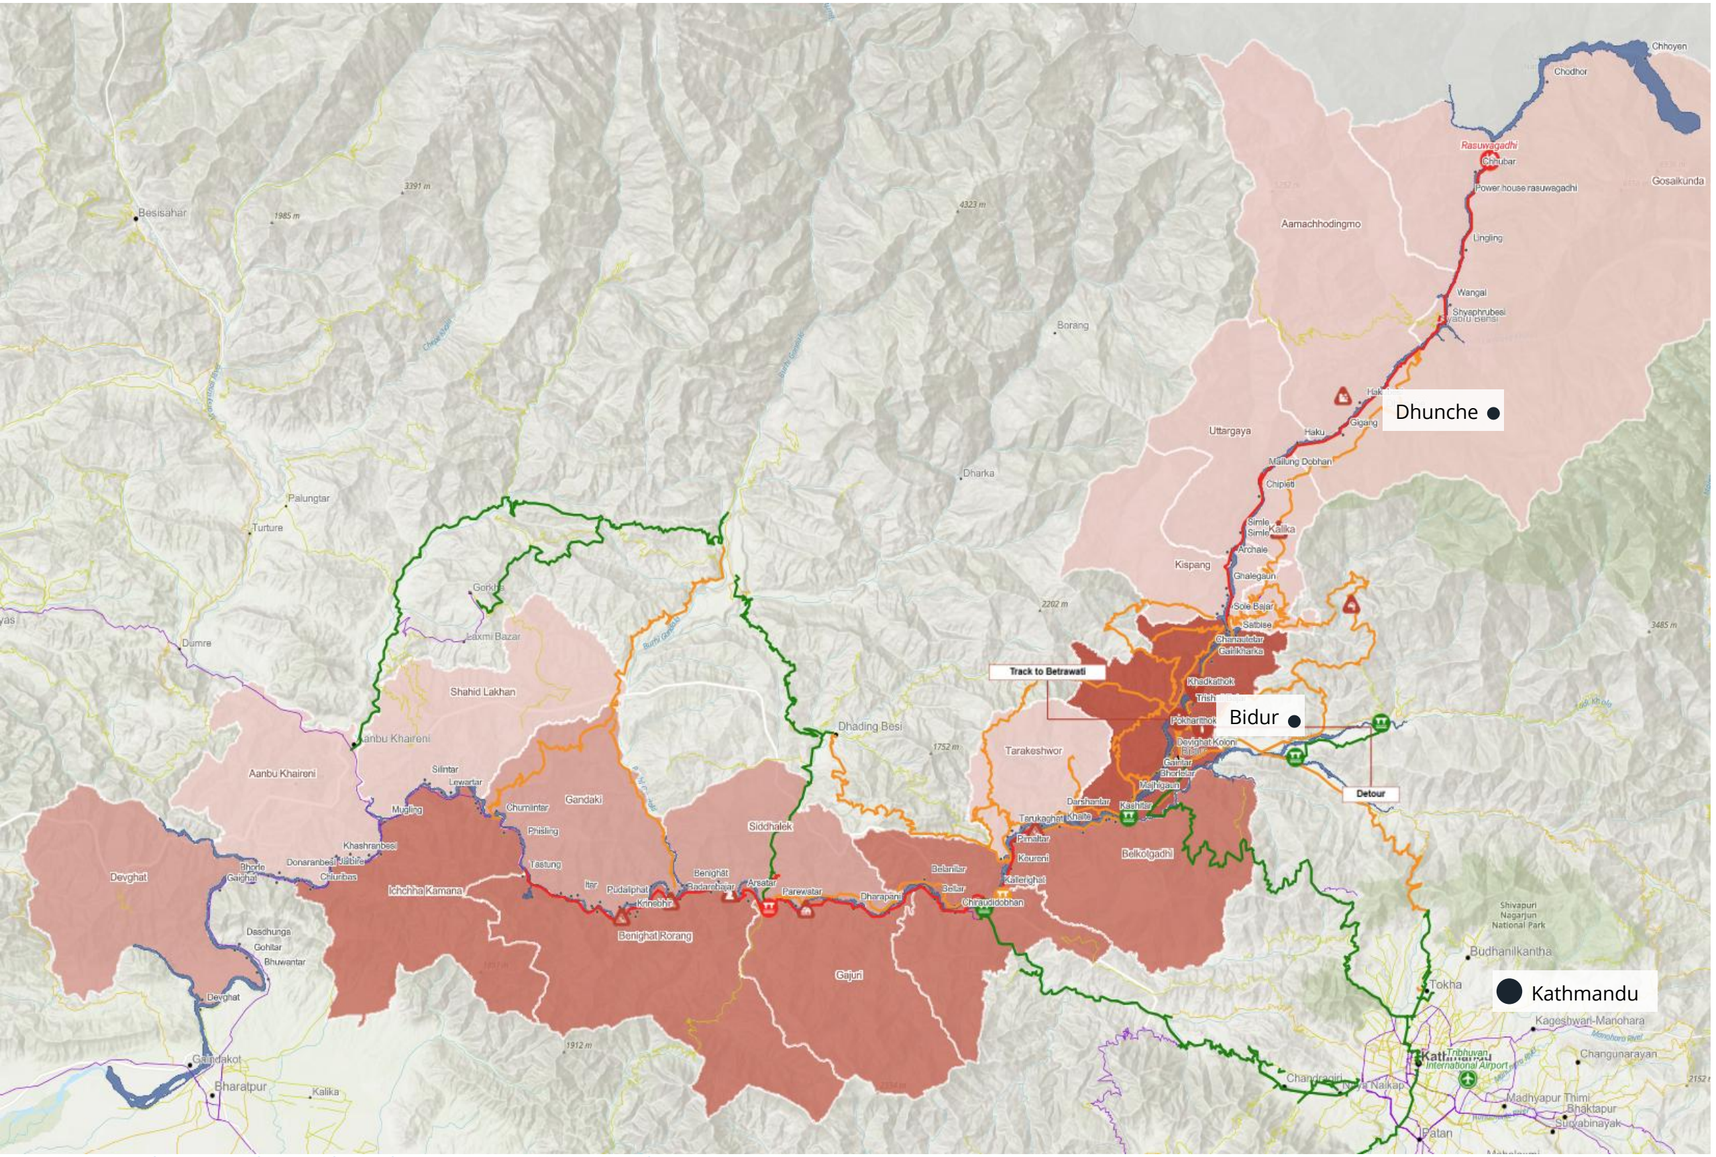
Situation Updates

LOGISTICS & TELECOMMUNICATIONS CLUSTER (LTC)

Photo: Kelly Bradley / LTC Cluster, WFP Nepal, Sep 2026 Humanitarian cargo offloaded following air transport operations.

- NDRRMA priorities slightly shifted to the recent rainfall situation. No Situation Report on the Rasuwa Flash Floods response since 26 September, reducing visibility over population figures and movements.
- Holding centres in Rasuwa, Nuwakot and Dhading are progressively emptying. However, there remains insufficient clarity at the inter-agency level on where people are moving.
- Inter-cluster discussion focused on winterization and cash coordination priorities.

Roads Updates



LOGISTICS & TELECOMMUNICATIONS CLUSTER

Road access update (as of 02 October 2026)

- Kathmandu–Tokha–Chhahara–Bidur road is operational approx. 2.5 hrs travel time.
- Devighat–Galchhi road section and Tadi Khola Bridge are operational.
- Vehicular movement has been restored along the Galchhi–Devighat corridor

Nuwakot district:

Nuwakot**,** Bidur - Durbar–Dhunche road blocked at Chokade; use alternative access via Dhikure–Bahunbesi–Lachyang

Rasuwa district: access remains open to

- Kathmandu–Dhikure–Lachyang–Dhunche–Syabrubesi;
- Bidur–Dhikure–Chaughada Bridge–Lachyang–Dhunche–Syabrubesi.

Alternative gravel route remains passable but is muddy and rain-damaged, with travel times of around 7 hours and possible localized landslide disruptions.
